Minors who do not have a valid driver's license which allows them to operate a motorized vehicle in the state in which they reside will not be permitted to operate a motorized vehicle of any kind, including, but not limited to, golf carts, motorcycles, scooters, or farm utility vehicles, on the competition grounds of licensed competitions. Minors who have a valid temporary license may operate the above described motorized vehicles as long as they are accompanied by an adult with a valid driver's license. The parent/legal guardian or individual who signs the entry blank as a parent or guardian of a minor operating a motorized vehicle in violation of this rule are solely responsible for any damages, claims, losses or actions resulting from that operation. SCORING SYSTEM

After each round the four judges score their own judges' cards with a numerical number. They then give their scores to the board's computer operator where each score is displayed and then the four scores are averaged.

For the Medal Championships, the second rounds of at least 20% of those competing are again averaged and added to the first round and displayed. Once the judges decide how many will test (at least 4) for the final two tests, they will score their cards as if scoring their own medal test. The final placing will be announced at the presentation ceremony.

Any ties will be broken by the Judge selected by the Judges Panel at the beginning of the show. If a tie still remains a 2nd Judge's score, as selected by themselves, will break the tie.
