Subject: Letter of Support for 7Cs Academy

Dear Commissioner Morath:

I am writing this letter in support of 7Cs Academy to start a PreK-8 public charter school in San Antonio, Texas.

I have worked alongside Mrs. Rosario Crutchfield on Acts Missions board of directors. She presently is also active on the 7Cs Academy board of directors. I can assure you that Rosario possess the qualities needed to aid the board's objectives of bringing world class education to the children in the most needed sectors of San Antonio.

I firmly believe that every child in San Antonio deserves a chance to obtain a good education. Unfortunately too many San Antonio schools have scored an "unacceptable performance" rating in the past 3 years. These schools are located in areas where economically disadvantage students reside who are at the highest risk of underperforming scholastically.

The multifaceted intervention plan which guides 7Cs Academy's whole child education will change attitudes in both the student and the parents. This will enable the child to maximize his educational experience and set him up for success. The innovative platforms used are the Designing Learning 2.0 and the Real-World STREAMS Education. These platforms will teach the student to build on their innate curiosity and to develop knowledge, skills and attitudes for lifelong success. It will also build character, critical thinking, communication, and a sense of citizenship and self-worth. That is why a charter school of this nature is so much needed in San Antonio.

I have been a member of the GED Brunch Group of Friends for many years. Our organization raises funds to help nontraditional students obtain a GED and to transition to a college education. Since its inception we have helped hundreds of students many of which have obtained their bachelors, masters and doctorate degrees. The majority of them have reintegrated into the group, are active members and are involved in helping their communities.

From my personal funds I have sponsored the education of three wonderful Guatemalans. The outcome of my sacrifice has been very rewarding. We have

in Guatemala now a medical doctor, a business employee holding an MBA and a teacher with a PhD. Each of them are aware of their social responsibility and give back to their community.

I thank you in advance for reading my letter of support for 7Cs Academy. Please do not hesitate to contact me at my office if you have any questions.

We sincerely hope you see the benefit that 7Cs Academy will bring to the students and their families in San Antonio.
