

# Memo

**To:** Mr. Wayne Bowers,

**From:** Mr. Russell Tinsley, IMO R.T. Civil Commitment 573-10

**Date:** June 30, 2021

**Re: Senate Passes Bill To End Civil Commitment of Sex Offenders - and Preventive Detention in Avenel, NJ**

This communication is in regards to our previous correspondence that was sent to your office and to update you on our **"We the People Petition Our Government TO DEMAND AN EXECUTIVE ORDER AND SENATE BILL/ with SIGNATURES for an executive Order and Senate Bill"**. This new legislation would end civil commitment of sex offenders by 2022 SESSION.

We the people have enclosed information, about our goal to reach 100.000 plus signatures for lawmakers to spearhead a push to repeal a decades-old New Jersey law that allows the state to hold certain sex offenders at the STU facility indefinitely after their criminal sentences, if they are deemed "sexually violent predators".

We the people who have been oppressed by the 20 states with such laws led by a fascist mentality of leadership in state/local government to disenfranchise American people voters, especially of African Americans who have a voice.

Therefore, the governor's executive order power and the senate have to pass a bill that will put an end; or Reform civil commitment of sex offender laws and by making it possible for the American people to vote for it in all future elections, supporting or opposing this law in their ballot boxes.

We the people should have the ability to vote for it; or against it, in all these 20 states and under our U.S. Constitutional Right as a voting requirement in state/federal elections to challenge for it; or against these civil commitment and preventive detention, unconstitutional laws so we can replace them with

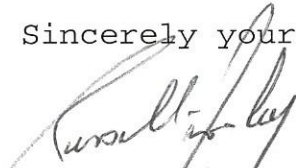

Constitutional Reform laws that works and represents the rights of all American people.

You must acknowledge the fact that many advocate the total elimination of all sex offenders' facilities where they are detained in our country, these United States of America.

Thank you for your time and consideration in this matter.

Should you have any further questions, please feel free to contact me at the STU facility 1-888-202-1699 ext. Number 101.

Sincerely yours,

Russell Tinsley
