About the Australian Heritage Turkey Society

Our mission is:

1. to promote and preserve varieties of rare turkeys in Australia.
2. to establish a registration system to ensure the gene pool is identified & protected, thereby securing the survival of old established lines and newly developed colours.
3. to involve & educate the public about heritage turkeys.
4. to follow the protocol of the Australian Poultry Standards committee by documenting stages in the development of new varieties, to ultimately contribute to an inclusion in the Australian Poultry Standards.

Royal Palm & Blue poults
