

President's Message

The Island of Newfoundland was very kind to your El Presedenté recently. While I was forced to decline many galas and public appearances due to COVID, I was able to represent the Club at numerous events with The Captain.

Additionally, I regularly gazed at the glory of Newfoundland's Blue Stars and had a rather contentious evening with a Black Horse.

While the latest outbreak in New Brunswick has caused several cancellations, a number of courageous members visited The Rossmount Inn where they enjoyed a lovely evening, by all accounts.

We hope for a decline in cases and anxiety that will see us attending various events in November and December. Our GM is working furiously to prepare for the relief that is sure to come.

Stay safe. Breathe. And encourage someone to get vaxxed.

Jim Quigley

Happy Birthday Don from all your Club friends.

Message from the Club Manager

As we finally see some cooler weather on the horizon, we begin to think about winter and the traditional get-togethers with family and friends. A time to reconnect with old friends and make new ones. Here is to hoping our COVID cases continue to track downwards, and we get to enjoy a bit more freedom fewer cases allows us. As you are aware, several events were cancelled in October, and I'm a little leery about planning any big get-togethers for November. I have been talking to a few places and will confirm shortly.

December however, I'm hoping will be somewhat "normal" with us continuing to wear masks in public and be vaccinated. Speaking of vaccinations, I hope you have been double (and soon triple) vaccinated. We ask that only fully vaccinated Club members attend any events at this time. Thank you in advance for this. Let us do our best to keep everyone safe!

December events so far, sees us at Astrid and David's for a fun evening. As well as a Club Christmas Party at Wolastoq Wharf followed by a sing-along at Greg and my home. I'm also catching up on events, so stay tuned for another one.
