

The mission of the Niagara Military Affairs Council is to support the growth and prosperity of the Niagara Falls Air Reserve Station and its personnel. Creating a positive economic impact on the WNY community is the vehicle to the future. Working together with their members, strategic business partners and the community, NIMAC continues to build and be the foundation of future missions.

NIMAC's advocacy efforts are responsible for major accomplishments to the benefit of the community, such as a \$200 million economic impact per year since 2005. During the period of 1999 – 2013, NIMAC obligated \$1.2 million for their efforts on behalf of NFARS and the community, resulting in \$100 million of Federal investment. NIMAC has demonstrated a verifiable track record of generating economic investment in the region to the benefit of the State, local communities and the NFARS.

NIMAC is celebrating 25 years of advocating for military personnel and the NFARS's contributions to our community.
