

Dawn Nedzlek- Receptionist

Dawn was born and raised in Michigan. In 2010, after her husband's job was relocated, they moved to Wisconsin. Kevin and Dawn have been married for 40 years and have 3 sons: Chad who lives in Washington; Cole who lives in Waukesha; and Cameron who recently moved to Florida. They have

two dogs: Weston and Teemo. They now consider Wisconsin their home and the Brewers their baseball team!

Dawn and her husband have met very good friends and have seen many beautiful places riding their Harley. They also enjoy bowling, taking pontoon rides down the Rock and Crawfish Rivers, and a little bit of golf.

Dawn has been a firsthand witness of the many changes Rock River Animal Clinic has experienced in the last year; thankfully if you ask her, she will tell you she is glad she is been a part of this process! One thing Dawn really enjoys about working at RRAC is seeing friendly faces, getting to know clients, and developing a sense of community in a small town where clients can come in and chat about the weather and make small talk. We are so glad Dawn is a part of our team!
