Summary:

Terrorist organizations have been a world issue for many centuries, however as of late, the actions of several groups have also put the spotlight on them, leaning them towards terrorism instead of noble actions. These groups, such as ANTIFA, have contributed to physical and cyber violence against other members of organizations, whom some have shown violence, while others have not. Any group that participates in acts of terrorism has no home in Dracul and will not be accepted by our community. The Oxford dictionary defines terrorism as “unlawful use of violence and intimidation, especially against civilians in the pursuit of political aims.” These forms of terrorism are recognized by Dracul: National Terrorism, Revolutionary Terrorism, and Reactionary Terrorism. These forms can either be International or Domestic.

Proposal:

Any group, both informal and formal, who meets the criteria of being a terrorist organization, will not be welcomed in Dracul, nor will its members.
