

# WHERE THERE IS NO VISION THE PEOPLE ARE UNRESTRAINED..HALF TRUTH

Prov. 29:18"*Where there is no vision* (revelation), *the people bare unrestrained, **But happy is he who keeps the law.***"

This verse is well known by christians but they only use the first half. It is connected to the letter hey. In a biblical sense, the Hebrew way of thinking of numbers is correct, not our Roman Greco (western logic) way of thinking. For example: when the bible say a man was a king for 10 years, it doesn't mean he completed 10 years, it means he was just a king during 10 different years. This all adds into the confusion when we are looking at last days and end times. Yah's calendar of redemption begins with the month of Nissan because that is when Yeshua came to redeem us. His calendar of creation begins with the month of Tishri.
