Prerequisites for CBHC Recovery Housing

- Residents must be at least 30 days sober prior to moving in. Residents must pass a drug test the day of move in. These services will be billed to insurance or to the resident, whichever is applicable at the time.
- Residents must be in recovery programming through CBHC.
- Residents will be required to meet with the CBHC prior to moving into Recovery Housing.
- All prescribed medications must be approved by an agency nurse.
- Any change in medication must be reported to CBHC staff.
- If Residents are terminated from recovery housing, the residents personal belongings must be removed no later than two days after termination. Any remaining personal belongings after two days will become the property of CBHC.
- Residents will be required to schedule treatment appointments when submitting a urinalysis.
- Immediately upon moving into recovery housing, residents must place all clothing items into the dryer at a high temperature for at least 45 minutes.
- Scheduled drugs are not allowed on the premises. If residents have a medical situation that requires medications (ex: surgery), it will be necessary for the resident to meet with their CBHC counselor regarding a medication plan of action.
- Residents will be required to attend an appointment to review and complete orientation packets and intake paperwork.
