

TRUE DEFINITION OF CHURCH

WHAT IT IS AND IS NOT

There's tribulations in this world that cause you worry and strife
but some are in the Church.

There's those who don't get along, depleting your joyful songs.

There's some who order your walk like theirs
endless sermons that do not bless.

Where preachers even forget what it is to spend some time with Jesus.

They're asking of you more....more than you can afford.

More of your money, more of your time
so many impositions.

JESUS never meant things to be like this
so if that is church then give it a miss.

I've left the church Institution
with pressure and contributions.

A church not to miss is something like this:

it consists of individuals
called out of domination

where the world is truly forsaken.

Called out of living a lie means
called out of contention and strife.

JESUS meant things to be like this:

consisting of those like you and me

who just want Joy and Peace

and have time for each other

praising Jesus our Lord.

Our life's meant to be lived for Him
bringing pleasure to His Heart.

There's no other way to live this way

than simply to spend time with

Him and each other.

The word church means those who are called out
called out of the ways of this world.

Called out of sadness and confusion
rather than adding to it.

If your Christian life is not as Jesus prescribed
forget it and walk with Him.

Truly that will be no sin

and may be the best thing you've done.

Not ignorant but Wiser
Not disillusioned but Free.

If the Son sets you Free, you shall be Free Indeed!
