

COVID-19 MESSAGE: BALDWIN LAW OFFICE- Gloria Flores Baldwin, Esq.

COVID-19 MESSAGE: BALDWIN LAW OFFICE- Gloria Flores Baldwin, Esq.-UPDATED
04/19/2021

In this unprecedented time in the lives of the vast majority of us, please know that we continue to serve our clients, while taking every precaution. Except as otherwise arranged on a case by case basis, all appointments are currently being held virtually or by telephone.

As the court system and the State of New York move forward with the phased reopening of businesses and have provided guidance, there are still a number of practical matters we as attorneys are navigating.

MAIL AND PACKAGES: There is a drop box located at the office for hand deliveries. In addition, office personnel is available throughout the day for packages too large for the drop box. Office personnel are at lunch from noon to 1pm daily and leave for the weekend every Friday at noon. It is otherwise expected that someone is available during other times. Daily mail delivery is currently being forwarded to an alternate location. For overnight packages/mailings, please call or email the office and an alternate physical address will be provided.

There are options available depending on the type of matter you have. This office continues to develop solutions to address your needs in accordance with updated guidance from the State, local municipalities and the courts.

Thank you .
Gloria
