UCCELLO TIPPING KETTLE

- The Uccello Tipping Kettle was designed using the innovative and unique PowerPour technology which means the user can safely pour boiling water without removing the kettle from its cradle by just tilting the kettle.
- Its ergonomic handle makes it comfortable to use for people with arthritis or hand injury. The kettle features a wide spout and large hinged lid to easily fill with water. The water level indicator assists the user to ensure it isn't overfilled. The base is non-slip and weighted.
- The Kettle has a stainless steel heating element, power-on light and auto shut-off with overheating protection.
- This product may be unsuitable for people with a certain physical impairment

HOMECRAFT KITCHEN WORKSTATION

- This multi-function food preparation unit is designed to provide assistance with many day-to-day kitchen tasks. Based around a tough, durable chopping board measuring 500 x 300mm the workstation also features:.
- A removable grater and slicer (with a protective cover) that collects the food with a minimum of mess and waste.
- A raised L-shaped corner measuring 130 x 95mm which can be used to hold bread and toast in place when food is being spread.
- Removable stainless steel spikes that can be used to hold fruit or vegetables in place whilst being chopped or peeled.
- A removable clamp that can open up to 110mm wide and hold any object such as food, tins or bowls in place. The clamp has a reversible edge which can be either flat or contoured.
- The workstation has four non-slip suction pads that firmly anchor it in place, even in wet conditions. The workstation is dishwasher safe and all its parts are removable and replaceable.

Code	Description
PAT-AA5612	Manoy Large Plate 28cm x 20cm

PLATE WITH INSIDE EDGE

- This adaptive plate is constructed with a raised inside edge to help prevent food from sliding off the plate. The deep inner lip provides users who have difficulty scooping their food with an edge to push the food against.
- Measuring 22.86cm (9") total in diameter, the plate is constructed with a 2.54cm (1") rim and 1.27cm (½") edge.
- The curved inside edge keeps food from sliding off the plate to make self-feeding easier for children or adults. Made of polypropylene, these plates have a textured bottom to prevent food from sliding together.
- Dishwasher Safe Up to 82 degrees Celsius and microwave safe.
- Excellent for nursing homes or assisted living facilities, the plates are BPA, phthalates and latex-free. The thick plastic can also withstand cutting and scraping for long-term use.

INSULATED MUG WITH TUMBLER LID

- The Insulated Mug with Lid features an oversized handle with plenty of hand space to ensure a firm, secure grip to reduce the risk of dropping and subsequent spills.
- This non-spill mug aids individuals with limited hand function or weak grip.
- For additional safety, the mug is made to prevent condensation, reducing slippage between the hands.
- The durable polypropylene mug acts as an insulator and helps to keep cold drinks cold and hot drinks hot. The double walled vacuum insulation technology helps keep hot beverages warm for 6+ hours and cold for 12+ hours, ensuring you can enjoy your iced tea or morning coffee longer.
- Both the mug and lid is dishwasher safe up to 82 degrees Celsius.
- The durable, lightweight polypropylene construction of the mug is BPA, phthalates, and latex free
- Not recommended for use in the microwave
- The insulated mug is dishwasher safe.

ETAC LIGHT COMBINATION CUTLERY

KNIFE FORK

- The combination cutlery comprises Knife/fork and Knife/spoon, and is suitable for people who can use only one hand.
- In common for all Etac Light cutlery is a functional design of the handle and a shape that makes the grip stable and comfortable.
- Each cutlery has its own unique shape and design according to its specific usage and to compensate for reduced hand function.
- Etac Light combination cutlery consists of a knife/fork and knife/spoon and is designed for use with one hand only. One side of the handle is flat.
- This secures a stable grip when cutting. The knife/fork is available in right-handed and left-handed versions, while the knife/spoon is suitable for both.

PICK UP REACHER

For your daily living solutions

- Ideal for retrieving or reaching a wide variety of items in the home, garden or out shopping.
- Able to hold 454g or less.
- The jaws have sculptured liners which give an excellent grip. The jaws open to 3" wide and rotate 360° for greater maneuverability. The Pick-Up is operated by a wire not a cord eliminating fraying or stretching.
- There is a magnet attached to the jaw which allows easy retrieval of pins, paper clips and other small ferrous items.
- The trigger is designed for comfort and is large and roomy to allow use of all fingers. The short trigger distance is ideal for stiff, arthritic fingers. The trigger projects through the top of the handle to allow it to be squeezed in the conventional manner, or pushed using the palm of the hand.
- The head can easily rotate to suit individual tasks. The Pick-Up is supplied with a removable stick clip, allowing it to be clipped onto wheelchairs and walking frames etc.

Warranty
1 Year

EZY AS COMPRESSION STOCKING APPLICATOR

- The Ezy As Handle allows compression garments to be applied without having to bend down and is great for people with limited mobility.
- Unlike regular stocking donner doffer, a compression stocking aid can help you put on your properly sized compression stockings by keeping the stocking wide and reducing the amount of compression while you pull the stocking over the foot and heel. This will make the process quicker and reduce the strain placed on your back.
- An optional handle attachment is available to be used with the Ezy As applicator.

PELICAN WHEELCHAIR

BOOT SLIDER

- People often have difficulty getting a wheelchair into the boot of a car, and usually resort to having to lift the wheelchair. The Wheelchair Boot Slider can help make this job easier.
- The Boot Slider consists of three parts.
- The Boot Blanket is the padded section that protects the rear of the car. The padded section goes inside the boot to give a slippery surface for the wheelchair to slide on, when putting it into or taking it out of the car.
- The Slider Platform is what the wheelchair is rolled into. It has a cover to hold the wheelchair in position.
- Place the Ground Protector on the ground under the Slider Platform to protect the Slider Platform from getting dirty, wet, or deteriorating on rough road surfaces. It also keeps your clothes clean when leaning the Wheelchair Boot Slider up against your thigh. The Ground Protector has a webbing strap attaching it to the Boot Blanket. This is a reminder not to leave it behind before driving away!

PEAK SWIVEL CUSHION

- Consisting of two disks held together by a rotating plate, this swivel cushion from Peak is a handy transfer aid that is both comfortable and functional.
- The bottom layer of the Memory Foam Swivel Cushion is a firm swivel base, while the top layer is a soft memory foam cushion with a removable polyester cover
- The bottom layer of the Quilted Swivel Cushion has a nonslip material that holds it steady while the user can easily rotate on the top layer, reducing the need to twist and swing your body weight around as you transfer out of bed, a car seat, or even a dining chair.
- Lightweight and easily maintained, it is very transportable and can make standing from a lying or seated position that much easier.
- Eases the strain on the back, hips and knees
- Non slip base prevents movement of cushion
- Quilted or memory foam top panel for extra comfort
- Swivels 360 degrees, suits most vehicles and is easy to install

Warranty
1 Year

BUNDLE PRO UNIVERSAL CUP HOLDER

- The anti-slip silicone gasket at the top of the stroller cup holder can not only avoid scratching your favorite cup, but also better stabilize the cup and prevent the cup from falling even on the bumpy road.
- Ordinary cup holders always leave marks on the tube after use. Unlike them, the cup holder grips contain soft silicone to minimize scratches on the tube, even if used for a long time, the tube can remain in its original state.
- The diameter of our cup holder is 3.9 in, which is suitable for most cup, mug or water bottle. The clamps of the universal drinks holder can be adjusted to 4.5cm and rotated 360 degrees.
- By adjusting the tightness of the clamps, you can easily install the cup holder where you want to install it without any tools.
- Fits most walkers and wheelchairs.

Warranty
1 Year
