with all the facts.*

Dear Parents,

September, for many, means kids getting back to school, YAY!! However, with kids being exposed to other environments and people, we are aware that the potential chance of contagion is greater.

Our Centre will be even more attentive to health safety procedures such as hand washing and surface cleaning. In addition, we will focus on personal hygiene and on developing the habit of covering sneeze and/or cough.

We know that, with the change in the weather, many kids will come up with colds and allergies. Therefore, we also ask Parents to encourage the kids to wear masks at the Day Care and OSC, as well as, to provide the kids with the proper supplies such as, hand sanitizers, face coverings, etc. Remember, if you child presents any cold-like symptoms, keep him/her at home.

Our Centre has resumed the transportation service to and from schools. The routes are being finalized, so if you require transportation, please let us know as soon as possible

As for renovations, we have 1) new flooring in the baby room, 2) laundry machine and dryer installed and 3) Preventive winter maintenance of the outside play area finalized.

Please do not hesitate to contact us with any commendations and/or concerns.

Take care,

Fort Road Day Care and OSC
