Tagg called the meeting to order.

Jolene from Hastings reached out to Tagg to see for sure how the board wants to handle the stock contracts for State Finals this season. She needs to get them out ASAP. They will be having their meeting January 10(tomorrow), so they need to decide who to send contracts to! The board would like Hastings to send out separate timed event and rough stock bids. The board would also like to know if May 5 is too late to decide on adequate stock which will be decided on by the Adult Event Directors. Each event director will be contacting the stock contractor know which stock is adequate and which is not. Tagg will contact Hastings and the ask them the following questions: 1. Is May 5 too late to choose adequate stock? 2. Can they send out separate contracts for rough stock and timed event stock? 3. What is the rough budget for stock?

Brandi pointed out to the board that she has not received any applications for the Central Entry/Points Secretary position or the National Director position.

Next meeting will be in February.
