	MCM #1 - PUBLIC EDUCATION AND C	DUTREACH ON STORM	WATER IMPACTS	
BN	IP #1: Develop, implement and maintain a written Publi	c Education and Outreach P	rogram.	
1.2	For new permittees only, has the written PEOP been deve	eloped and implemented within	n the first year of perr	mit coverage?
	⊠ Yes □ No			
2.	Date of latest annual review of PEOP: June 30, 2017	Were updates made?	☐ Yes ⊠ No	
3.	What were the plans and goals for public education and o	utreach for the reporting perio	d?	
	The City of Connellsville's plan and goal was to continuous proper stormwater management. Posted on their webs explains the Best Management Practices under each Mocleanup days which were announced at council meeting.	ite is a link that lists all of the Iinimun Control Measure. Als	Minimumn Control so, activities were pla	Measures and anned such as
4.	Did the MS4 achieve its goal(s) for the PEOP during the r	eporting period? Yes	s 🗌 No	
5.	Identify specific plans and goals for public education and	outreach for the upcoming yea	ar:	
	The city will continue to plan cleanup days and ways to	educate the public about st	ormwater managem	ent.
вМ	P #2: Develop and maintain lists of target audience gro	oups present within the area	s served by your M	S4.
1.	For new permittees only, have the target audience lists coverage?	been developed and impleme	ented within the first	year of permit
	Yes □ No			
2.	Date of latest annual review of target audience lists: June	30, 2017 Were update	s made?	⊠ No
вм	P #3: Annually publish at least one educational item or	n your Stormwater Managen	nent Program.	
1.	For new permittees only, were stormwater educational and Internet within the first year of permit coverage?	d informational items produced	d and published in pri	nt and/or on the

Ап	nual MS4 Status Report							
	⊠ Yes □ No							
2.	Date of latest annual review of educatio	nal m	aterials	: June	30, 2	017	Were updates made?	☐ Yes ⊠ No
3.	Do you have a municipal website? https://www.connellsville.us/)		Yes		No	(URL:		

3800-FM-BCW0491 9/2017

	If Yes, what MS4-related material does it contain It contains the stormwater ordinance, a link t about a cleanup day under the "council meeti	to a PDF informing the	public about the MS4 p	rogram, and a reminder
4.	Describe any other method(s) used during the real The City of Connellsvile utilizes a Facebook a meetings that are televised.			
5.,	Identify specific plans for the publication of storn The City of Connellsville will continue to update			vers to post.
	IP #4: Distribute stormwater educational mate	_		
dis	entify the two additional methods of distributing signays, posters, signs, pamphlets, booklets, brock ffers, posters, presentations, conferences, meeting	hures, radio, local cable	TV, newspaper articles,	other advertisements, bill
- P	amphlets will be distributed			
	tilize Facebook page for distribution of informat	tion to the public		
BAC	CM #1 Comments:			
	MCM #2 - PUBL	IC INVOLVEMENT/F	PARTICIPATION	
BM	IP #1: Develop, implement and maintain a writ	ten Public Involvemen	t and Participation Prog	ram (PIPP)
1.	For new permittees only, was the PIPP develop	ped and implemented v	vithin one year of permit o	coverage?
2	Date of latest annual review of PIPP: June 30, 2	0017 Were	e updates made?	′es ⊠ No
_				
	P #2: Advertise to the public and solicit publicable) and TMDL Plans (if applicable), included			
12	Was an MS4-related ordinance, SOP, PRP or T	MDL Plan developed du	ring the reporting period?	☐ Yes ⊠ No
2.	If Yes, describe how you advertised the draft do feedback:	cument(s) and how you	ı provided opportunities fo	r public review, input and
3.	If an ordinance, SOP or plan was developed or a	amended during the rep	orting period, provide the	following information:
	Ordinance / SOP / Plan Name	Date of Public Notice	Date of Public Hearing	Date Enacted or Submitted to DEP
	N/A	N/A	N/A	N/A

N/A N/A N/A N/A	
-----------------	--

	MP #3: Regularly solicit public involvement and participation from the target audience groups using available stribution and outreach methods.
1.	At least one public meeting or other MS4 event must be held during the 5-year permit coverage period to solicit participation and feedback from target audience groups. Was this meeting or event held during the reporting period?
	☐ Yes ☐ No If Yes, Date of Meeting or Event:
2.	Report instances of cooperation and participation in MS4 activities; presentations the permittee made to local watershed and conservation organizations; and similar instances of participation or coordination with organizations in the community.
	N/A
3.	Report activities in which members of the public assisted or participated in the meetings and in the implementation of the SWMP, including education activities or efforts such as cleanups, monitoring, storm drain stenciling, or others.
	The City of Connellsville held cleanup days in April and May of 2019 for residents to participate in, and the city conducts a curbside pick-up recycling program for the residents.
MC	CM #2 Comments:
K	MCM #3 – ILLICIT DISCHARGE DETECTION AND ELIMINATION (IDD&E)
	IP #1: Develop and implement a written program for the detection, elimination, and prevention of illicit discharges o the regulated small MS4.
1.	For new permittees only, was the written IDD&E program developed within one year of permit coverage?
	☑ Yes □ No
2.	Date of latest annual review of IDD&E program: August 9, 2017 Were updates made? Yes No
	Date of latest annual review of IDD&E program: August 9, 2017 Were updates made? U Yes 🗵 No
and	IP #2: Develop and maintain map(s) that show permittee and urbanized area boundaries, the location of all outfalls d, if applicable, observation points, and the locations and names of all surface waters that receive discharges from use outfalls. Outfalls and observation points shall be numbered on the map(s).
and tho	IP #2: Develop and maintain map(s) that show permittee and urbanized area boundaries, the location of all outfalls d, if applicable, observation points, and the locations and names of all surface waters that receive discharges from

Do you maintain do	cumentation of all responses, actio	n taken, and the time required to	o take action? ⊠ Yes ☐ No
MCM #3 Comments:			
M	CM #4 - CONSTRUCTION SI	TE STORMWATER RUNOI	FF CONTROL
⊠ Yes □ No	statewide program for stormwater		tivities to satisfy this MCM? questions for all BMPs in this section)
BMP #1: The permittee disturbance activities	may not issue a building or othe	r permit or final approval to thess the party proposing the e	ose proposing or conducting earth earth disturbance has valid NPDES
During the reporting per approvals until DEP or a	eriod, did you comply with 25 Pa a county conservation district (CCD	Code § 102.43 (relating to witl) has approved NPDES permit (hholding building or other permits or coverage)?
☐ Yes ☐ No D	☑ Not Applicable (no building perm	nit applications received)	

BMP #2: A municipality or county which issues building or other permits shall notify DEP or the applicable CCD within 5 days of the receipt of an application for a permit involving an earth disturbance activity consisting of one acre or more, in accordance with 25 Pa. Code § 102.42.
During the reporting period, did you comply with 25 Pa. Code § 102.42 (relating to notifying DEP/CCD within 5 days of receiving an application involving an earth disturbance activity of one acre or more)?
☐ Yes ☐ No ☒ Not Applicable (no building permit applications received)
BMP #3: Enact, implement and enforce an ordinance or SOP to require the implementation and maintenance of E&S control BMPs, including sanctions for non-compliance, as applicable.
1. Do you have an ordinance (municipal) or SOP or other mechanism (non-municipal) that requires implementation and maintenance of E&S control BMPs? ⊠ Yes ☐ No
If Yes, indicate the date of the ordinance or SOP: 2/15/2012
2. If Yes to #1, is the ordinance or SOP consistent with DEP's 2022 Model Stormwater Management Ordinance (3800-PM-BCW0100j)? ☐ Yes ☒ No
3. If Yes to #2 and the ordinance or SOP has not been submitted previously, attach a copy of the ordinance or SOP.
BMP #4: Review Erosion and Sediment (E&S) control plans to ensure that such plans adequately consider water quality impacts and meet regulatory requirements.
Specify the number of E&S Plans you reviewed during the reporting period:
BMP #5: Conduct inspections regarding installation and maintenance of E&S control measures during earth disturbance activities. Maintain records of site inspections, including dates and inspection results, in accordance with the record retention requirements in this permit.
Specify the number of E&S inspections you completed during the reporting period:
BMP #6: Conduct enforcement when installation and maintenance of E&S control measures during earth disturbance activities does not comply with permit and/or regulatory requirements.
Specify the number of enforcement actions you took during the reporting period for improper E&S:
BMP #7: Develop and implement requirements for construction site operators to control waste at construction sites that may cause adverse impacts to water quality. The permittee shall provide education on these requirements to construction site operators.
Specify the method(s) by which you are educating construction site operators on controlling waste at construction sites:
BMP #8: Develop and implement procedures for the receipt and consideration of public inquiries, concerns, and information submitted by the public to the permittee regarding local construction activities.
1. A tracking system has been established for receipt of public inquiries and complaints. Yes No
2. Specify the number of inquiries and complaints received during the reporting period:
MCM #4 Comments:

MC	CM #5 - POST-CONSTRUCTION STORM WATER MANAGEMENT IN NEW DEVELOPMENT AND REDEVELOPMENT
	MP #1: Enact, implement and enforce an ordinance or SOP to require post-construction stormwater management from w development and redevelopment projects, including sanctions for non-compliance.
1	Do you have an ordinance (municipal) or SOP or other mechanism (non-municipal) that requires implementation and maintenance of post-construction stormwater management (PCSM) BMPs? \boxtimes Yes \square No
	If Yes, indicate the date of the ordinance or SOP: 2/15/2012
2.	If Yes to #1, is the ordinance or SOP consistent with DEP's 2022 Model Stormwater Management Ordinance (3800-PM-BCW0100j)? \square Yes \boxtimes No
3.	If Yes to #2 and the ordinance or SOP has not been submitted previously, attach a copy of the ordinance or SOP.
de ^s	MP #2: Develop and implement measures to encourage and expand the use of Low Impact Development (LID) in new velopment and redevelopment. Measures should also be included to encourage retrofitting LID into existing velopment. Enact ordinances consistent with LID practices and repeal sections of ordinances that conflict with LID actices.
1.	Do you have an ordinance (municipal) or SOP or other mechanism (non-municipal) that encourages and expands the use of LID in new development and redevelopment? \boxtimes Yes \square No
	If Yes, indicate the date of the ordinance or SOP: 2/15/2012
2.	If Yes to #1, is the ordinance or SOP consistent with DEP's 2022 Model Stormwater Management Ordinance (3800-PM-BCW0100j)? ☐ Yes ☒ No
3.	If Yes to #2 and the ordinance or SOP has not been submitted previously, attach a copy of the ordinance or SOP
de	IP #3: Ensure adequate O&M of all post-construction stormwater management BMPs that have been installed at velopment or redevelopment projects that disturb greater than or equal to one acre, including projects less than one re that are part of a larger common plan of development or sale.
1.	Do you have an inventory of all PCSM BMPs that were installed to meet requirements in NPDES Permits for Stormwater Discharges Associated with Construction Activities approved since March 10, 2003?
	If Yes to #1, complete Table 1 on the next page.
2.	Has proper O&M occurred during the reporting period for all PCSM BMPs? Yes No
3.	If No to #2, explain what action(s) the permittee has taken or plans to take to ensure proper O&M.
	ou are relying on PA's statewide program for stormwater associated with construction activities, you may skip to MCM #6, erwise complete all questions for BMPs #4 - #6 in this section.
the	IP #4: Require the implementation of a combination of structural and/or non-structural BMPs that are appropriate to local community, that minimize water quality impacts, and that are designed to maintain pre-development runoff aditions.
1	Specify the number of PCSM Plans reviewed during the reporting period for projects disturbing greater than or equal to one acre (including projects less than one acre that are part of a larger common plan of development or sale): N/A
2.	Has a tracking system been established and maintained to record qualifying projects and their associated BMPs?
	☐ Yes ⊠ No

ins ins be	BMP #5: Ensure that controls are installed that shall prevent or minimize water quality impacts. The permittee shall inspect all qualifying development or redevelopment projects during the construction phase to ensure proper installation of the approved structural PCSM BMPs. A tracking system (e.g., database, spreadsheet, or written list) shall be implemented to track the inspections conducted and to track the results of the inspections (e.g., BMPs were, or were not, installed properly).						
1.	During the reporting period have you inspected all qualifying development and redevelopment projects during the construction phase to ensure proper installation of approved structural BMPs?						
	☐ Yes ☐ No ☒ Not Applicable (no qualifying projects during reporting period)						
2.	Has a tracking system been established and maintained to record results of inspections?						
	☐ Yes ⊠ No						
	BMP #6: Develop a written procedure that describes how the permittee shall address all required components of this MCM.						
pla	Have you developed a written plan that addresses: 1) minimum requirements for use of structural and/or non-structural BMPs in plans for development and redevelopment; 2) criteria for selecting and standards for sizing stormwater BMPs; and 3) implementation of an inspection program to ensure that BMPs are properly installed? Yes No

CERTIFICATION

For PAG-13 Permittees: I have read the latest PAG-13 General Permit issued by DEP and agree and certify that (1) the permittee continues to be eligible for coverage under the PAG-13 General Permit and (2) the permittee will continue to comply with the conditions of that permit, including any modifications thereto. I understand that if I do not agree to the terms and conditions of the PAG-13 General Permit, I will apply for an individual permit within 90 days of publication of the General Permit. I also acknowledge that any facility construction needed to comply with the General Permit requirements shall be designed, built, operated, and maintained in accordance with operative laws and regulations.

For All Permittees: I certify under penalty of law that this report was prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gathered and evaluated the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations. See 18 Pa. C.S § 4904 (relating to unsworn falsification).

	MCM #1 - PUBLIC EDUCATION AND OUTREACH ON STORM WATER IMPACTS							
ВИ	BMP #1: Develop, implement and maintain a written Public Education and Outreach Program.							
1.	1. For new permittees only, has the written PEOP been developed and implemented within the first year of permit coverage?							
	⊠ Yes □ No							
2.								
3.	What were the plans and goals for public education and o	utreach for the reporting perio	od?					
	The City of Connellsville's plan and goal was to continue to reach out and educate the public on the importance of proper stormwater management. Posted on their website is a link that lists all of the Minimumn Control Measures and explains the Best Management Practices under each Minimun Control Measure. Also, activities were planned such as cleanup days which were announced at council meetings and posted on the City of Connellsville's website although some of these events were curtailed by the COVID-19 restrictions that had occurred this year.							
4.	Did the MS4 achieve its goal(s) for the PEOP during the re	eporting period?	s 🗌 No					
5.	Identify specific plans and goals for public education and o	outreach for the upcoming yea	ar:					
	The city will continue to plan cleanup days and ways to	educate the public about st	ormwater managem	ient.				
BN	IP #2: Develop and maintain lists of target audience gro	ouns present within the area	as served by your M	S4				
1.	For new permittees only, have the target audience lists							
	coverage? ☑ Yes ☐ No							
		00.0047	,	N				
2.	Date of latest annual review of target audience lists: June	30, 2017 Were update	es made?	⊠ No				
BN	IP #3: Annually publish at least one educational item or	n your Stormwater Manager	nent Program.					

1.	For new permittees only, were stormwater educational and informational items produced and published in print and/or on the Internet within the first year of permit coverage?
	⊠ Yes □ No
2.	Date of latest annual review of educational materials: June 30, 2017
3	Do you have a municipal website? Yes No (URL: https://www.connellsville.us/)

	If Yes, what MS4-related material does it contain? It contains the stormwater ordinance, a link to	a PDF informing the	public about the MS4 p	program, and a reminder
	about a cleanup day under the "council meeting	g minutes"		
4.	Describe any other method(s) used during the report The City of Connellsvile utilizes a Facebook at meetings that are televised.			
5.	Identify specific plans for the publication of storms	water materials for the	upcoming year:	
	The City of Connellsville will continue to update	e their website, Faceb	ook page, and publish f	lyers to post
BIV	MP #4: Distribute stormwater educational materi	als to the target audio	ences.	
dis	entify the two additional methods of distributing sto splays, posters, signs, pamphlets, booklets, brochu uffers, posters, presentations, conferences, meeting	ures, radio, local cable	TV, newspaper articles	, other advertisements, bill
- P	Pamphlets will be distributed

MO	CM #5 - POST-CONSTRUCTION STORM WATER MANAGEMENT IN NEW DEVELOPMENT AND REDEVELOPMENT
	IP #1: Enact, implement and enforce an ordinance or SOP to require post-construction stormwater management from w development and redevelopment projects, including sanctions for non-compliance.
1,,	Do you have an ordinance (municipal) or SOP or other mechanism (non-municipal) that requires implementation and maintenance of post-construction stormwater management (PCSM) BMPs? \boxtimes Yes \square No
	If Yes, indicate the date of the ordinance or SOP: 2/15/2012
2.	If Yes to #1, is the ordinance or SOP consistent with DEP's 2022 Model Stormwater Management Ordinance (3800-PM-BCW0100j)? ☐ Yes ☒ No
3.	If Yes to #2 and the ordinance or SOP has not been submitted previously, attach a copy of the ordinance or SOP.
de de	IP #2: Develop and implement measures to encourage and expand the use of Low Impact Development (LID) in new velopment and redevelopment. Measures should also be included to encourage retrofitting LID into existing velopment. Enact ordinances consistent with LID practices and repeal sections of ordinances that conflict with LID actices.
1.	Do you have an ordinance (municipal) or SOP or other mechanism (non-municipal) that encourages and expands the use of LID in new development and redevelopment? Yes No
	If Yes, indicate the date of the ordinance or SOP: 2/15/2012
2.	If Yes to #1, is the ordinance or SOP consistent with DEP's 2022 Model Stormwater Management Ordinance (3800-PM-BCW0100j)? ☐ Yes ☒ No
3.	If Yes to #2 and the ordinance or SOP has not been submitted previously, attach a copy of the ordinance or SOP.
de	IP #3: Ensure adequate O&M of all post-construction stormwater management BMPs that have been installed at velopment or redevelopment projects that disturb greater than or equal to one acre, including projects less than one that are part of a larger common plan of development or sale.
1.	Do you have an inventory of all PCSM BMPs that were installed to meet requirements in NPDES Permits for Stormwater Discharges Associated with Construction Activities approved since March 10, 2003? Yes No
	If Yes to #1, complete Table 1 on the next page.
2.	Has proper O&M occurred during the reporting period for all PCSM BMPs? ⊠ Yes ☐ No
3.	If No to #2, explain what action(s) the permittee has taken or plans to take to ensure proper O&M.
	ou are relying on PA's statewide program for stormwater associated with construction activities, you may skip to MCM #6, erwise complete all questions for BMPs #4 - #6 in this section.
the	P #4: Require the implementation of a combination of structural and/or non-structural BMPs that are appropriate to local community, that minimize water quality impacts, and that are designed to maintain pre-development runoff iditions.
1.	Specify the number of PCSM Plans reviewed during the reporting period for projects disturbing greater than or equal to one acre (including projects less than one acre that are part of a larger common plan of development or sale): 1
2.	Has a tracking system been established and maintained to record qualifying projects and their associated BMPs?
	☐ Yes ☒ No

BMP #5: Ensure that controls are installed that shall prevent or minimize water quality impacts. The permittre shall inspect all qualifying development or redevelopment projects during the construction phase to ensure proper installation of the approved structural PCSM BMPs. A tracking system (e.g., database, spreadsheet, or written list) shall be implemented to track the inspections conducted and to track the results of the inspections (e.g., BMPs were, or were not, installed properly). 1. During the reporting period have you inspected all qualifying development and redevelopment projects during the construction phase to ensure proper installation of approved structural BMPs? Yes No Not Applicable (no qualifying projects during reporting period) 2. Has a tracking system been established and maintained to record results of inspections? Yes No Not Applicable (no qualifying projects during reporting period) Applicable (no qualifying projects during reporting period) Wes No Not Applicable (no qualifying projects during reporting period) Has a tracking system been established and maintained to record results of inspections? 2. Has a tracking system been established and maintained to record results of inspections? □ Yes ☑ No BMP #6: Develop a written procedure that describes how the permittee shall address all required components of this MCM. Have you developed a written plan that addresses: 1) minimum requirements for use of structural and/or non-structural BMPs in plans for development and redevelopment; 2) criteria for selecting and standards for sizing stormwater BMPs; and 3) implementation of an inspection program to ensure that BMPs are properly installed? □ Yes ☑ No MCM #6 — POLLUTION PREVENTION / GOOD HOUSEKEEPING BMP #1: Identify and document all operations that are owned or operated by the permittee and have the potential for generating pollution in stormwater runoff to the MS4. This includes activities conducted by contractors for the permittee. 1. Have you identified all facilities and activities owned and operated by the permitee that have the potential to generate stormwater runoff into the MS4? ☑ Yes □ No 2. When was the inventory last reviewed? 2016 BMP #2: Develop, implement and maintain a written O&M program for all operations that could contribute to the discharge of pollutants from the MS4, as identified under BMP #1. This program shall address stormwater collection or conveyance systems within the regulated MS4. 1. Have you developed a written O&M program for the operations identified in BMP #1? □ Yes ☑ No 2. Date of last review or update to written O&M program: The written O&M program is a work in progress. BMP #3: Develop and implement an employee training program that addresses appropriate topics to further the goal of preventing or reducing the discharge of pollutants from operations to the regulated small MS4. All relevant employees	1.	
Yes No		☐ Yes ☐ No ☒ Not Applicable (no qualifying projects during reporting period)
BMP #6: Develop a written procedure that describes how the permittee shall address all required components of this MCM. Have you developed a written plan that addresses: 1) minimum requirements for use of structural and/or non-structural BMPs in plans for development and redevelopment; 2) criteria for selecting and standards for sizing stormwater BMPs; and 3) implementation of an inspection program to ensure that BMPs are properly installed? Yes No MCM #6 — POLLUTION PREVENTION / GOOD HOUSEKEEPING BMP #1: Identify and document all operations that are owned or operated by the permittee and have the potential for generating pollution in stormwater runoff to the MS4. This includes activities conducted by contractors for the permittee. 1. Have you identified all facilities and activities owned and operated by the permitee that have the potential to generate stormwater runoff into the MS4? Yes No 2. When was the inventory last reviewed? 2016 3. When was it last updated? 2016 BMP #2: Develop, implement and maintain a written O&M program for all operations that could contribute to the discharge of pollutants from the MS4, as identified under BMP #1. This program shall address stormwater collection or conveyance systems within the regulated MS4. 1. Have you developed a written O&M program for the operations identified in BMP #1? Yes No 2. Date of last review or update to written O&M program: The written O&M program is a work in progress. CERTIFICATION

For PAG-13 Permittees: I have read the latest PAG-13 General Permit issued by DEP and agree and certify that (1) the permittee continues to be eligible for coverage under the PAG-13 General Permit and (2) the permittee will continue to comply with the conditions of that permit, including any modifications thereto. I understand that if I do not agree to the terms and conditions of the PAG-13 General Permit, I will apply for an individual permit within 90 days of publication of the General Permit. I also acknowledge that any facility construction needed to comply with the General Permit requirements shall be designed, built, operated, and maintained in accordance with operative laws and regulations.

For All Permittees: I certify under penalty of law that this report was prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gathered and evaluated the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations. See 18 Pa. C.S. § 4904 (relating to unsworn falsification).
