

Product Information: 203-723-1437 Emergency Assistance: P-ChEM 1-800-424-5571

SAFETY DATA SHEET

Ambex 223LF

1. IDENTIFICATION OF SUBSTANCE AND SUPPLIER

Product Identifier: Burnishing Compound

Supplier Details: Ambion Corporation
37 Naugatuck Drive
Naugatuck, CT 06770
Tel: 203-723-1437
Fax: 203-723-0101

Emergency Contact P-ChEM: 1-800-424-5571

2. HAZARDS IDENTIFICATION

Warning!!

Hazard Statement(s)

H303 May be harmful if swallowed
H314 May be harmful in contact with skin
H316 Causes mild skin irritation
H320 Causes eye irritation

Precautionary Statement(s)

P202 Do not handle until all safety precautions have been read and understood
P233 Keep container tightly closed
P260 Do not breathe dust/fume/gas/mist/vapors/spray
P262 Do not get in eyes, on skin or on clothing
P264 Wash...thoroughly after handling
P280 Wear protective gloves/protective clothing/eye protection/face protection
P301+310 IF SWALLOWED: Immediately call a POISON CENTER or doctor /physician.
P303+352 IF ON SKIN: Wash with plenty of water.
P304+340 IF INHALED: Remove person to fresh air and keep comfortable for breathing.
P305+351+338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do - continue rinsing.
P306+360 IF ON CLOTHING: Rinse immediately contaminated clothing and skin with plenty of water before removing clothing.
P312 Call a POISON CENTER or doctor/physician if you feel unwell.
P332+313 If skin irritation occurs: Get medical advice/attention.
P337+313 If eye irritation persists: Get medical advice/attention.
P361 Remove/Take off immediately all contaminated clothing.
P363 Wash contaminated clothing before reuse.

3. COMPOSITION/INFORMATION ON INGREDIENTS

No ingredients listed as health hazards.

4. FIRST AID MEASURES

Ingestion (Swallowing): DO NOT INDUCE VOMITING. Give large amounts (2 full glasses) of water, fruit juice, or milk. Never give anything by mouth to an unconscious person. Call a physician immediately.

Inhalation (Breathing): Remove patient to fresh air. If breathing has stopped, give mouth to mouth resuscitation, then oxygen if needed. Get immediate medical attention.

Skin Contact: Remove contaminated clothing. Wash off in flowing water or shower. If irritation persists, seek medical attention.

Eye Contact: Wash eyes with plenty of water for at least 15 minutes, lifting upper and lower eyelids for occasionally. Remove contact lenses, if present and easy to do. Continue rinsing. If irritation persists, get medical attention.

5. FIRE-FIGHTING MEASURES

Not considered to be a fire hazard.

Not considered to be an explosion hazard.

Suitable (and Unsuitable) Extinguishing Media: Water, dry chemical, CO2 or foam.

In the event of a fire, wear full protective clothing and NIOSH-approved self-contained breathing apparatus with full face piece operated in the pressure demand or other positive pressure mode.

Unusual Fire and Explosion Hazards: None known.

NFPA	Health	Flammability	Instability	Physical Hazards
	1	0	0	N/A

6. ACCIDENTAL RELEASE MEASURES

Personal precautions, protective equipment and emergency procedures:

Do not inhale dusts. Ensure adequate ventilation. Take steps to prevent eye or skin contact or inhalation.

Environmental precautions:

Contain spill if possible and safe to do so. Prevent product from entering drains.

Methods and materials for containment and cleaning up:

To clean up spill, scrape up or use absorbent material. Wash contaminated area with alkaline cleaner and water. All clean up and disposal should be carried out in accordance with federal, state and local regulations.

7. HANDLING AND STORAGE

Precautions for safe handling:

Do not get on skin or in eyes. Do not inhale dusts. Handle with reasonable care. Avoid breathing mists.

Conditions for safe storage, including any incompatibilities:

Keep in a tightly closed container. Store in a cool, dry, ventilated area. Protect against physical damage. Containers of this material may be hazardous when empty since they retain product residues.

8. EXPOSURE CONTROLS/PERSONAL PROTECTION

Exposure Limits:

No ingredients listed as health hazards.

Appropriate engineering controls:

General room or local exhaust ventilations is usually required to meet exposure limits.

Individual protection measures, such as personal protective equipment:

Respiratory protection: Atmospheric levels should be maintained at reasonable levels. In confined spaces or when using spray application in poorly ventilated areas, respiratory protection should be used. When respiratory protection is required for certain operations, use an approved air-purifying respirator. For emergency and other conditions where exposure may be very high, use an approved positive pressure self-contained breathing apparatus.

Eye Protection: In situations where splashing may occur use goggles.

Hand protection: Gloves

Skin and body protection: For brief contact, no precautions other than clean body-covering clothing should be needed. When long or frequently repeated contact could occur, use protective clothing impervious to this material. Selection of specific items such as gloves, boots, apron, or full body suit will depend on the operation.

Work and Hygienic Practices: Keep containers covered. Avoid breathing vapors, mists and sprays. Avoid skin contact. A source of clean water should be available in the work area for flushing eyes and skin. Wash hands after use.

9. PHYSICAL AND CHEMICAL PROPERTIES

Boiling Point :	214°F (101°C)
Vapor Pressure (mm. Hg) :	14
Vapor Density (Air=1):	0.6
Solubility in Water:	100%
Specific Gravity (Water=1) :	1.04
Melting Point :	20°F (-7°C)
Evaporation Rate (n-BuOH=1) :	0.8
Appearance:	Clear, oily, amber syrup
Odor:	Very Mild Odor

10. STABILITY AND REACTIVITY

Stability: Stable

Conditions to Avoid: N/A

Incompatibility (Materials to Avoid): Mixing with strong acids may cause spattering and will destroy the effectiveness of the cleaner. Avoid oxidizing agents.

Hazardous Decomposition or Byproducts: N/A

Hazardous Polymerization: Will not occur.

11. TOXICOLOGICAL INFORMATION

Routes of Exposure:

Eye, skin, inhalation, and ingestion.

Acute Toxicity:

No ingredients listed as health hazards.

Symptoms: Skin and eye irritation.

Short Term exposure: Causes irritation to the eyes.

Long Term exposure: The effects of long-term, low level exposure have not been determined.

Carcinogenicity: None known.

12. ECOLOGICAL INFORMATION

None available

13. DISPOSAL CONSIDERATION

Product should be disposed of by federally approved hazardous waste disposal facility.

14. TRANSPORT INFORMATION

UN number	N/A
UN proper shipping name	Cleaning compound N.O.I. Non-Regulated
Transport Hazard Class	N/A
Packing Group	N/A

15. REGULATORY INFORMATION

Not available

16. OTHER INFORMATION

Date Prepared: June 15, 2015
