

Our Mission

Established in 2015, T3 Impact, Inc. is an organization focused on training, teaching and community outreach. We strive to provide programs that will lead to positive and measurable outcomes for those who face adversity.

T3i was created to aid in minimizing the disparities experienced by disadvantaged youth and families and assist in building strong families and communities. Our mission is to enhance the social and emotional health and quality of life for all families we interact with. We promote the healthy development of youth and their families through professional programs and counseling and offer support through advocacy, information and referral services.

Our Team

Our team of professionals can meet with clients on-site at our facility, in their own home or anywhere practical supports are needed for improved behavioral health, consistent visits and general well-being. Partnering together, we can make a difference in the expectations and goals that have been identified by our clients and their referring agency.
