

Landscape Design Services at Piccadilly Farm

Valerie Jones Hinesley is an honor graduate of the University of Georgia with a degree in Landscape Architecture. She has over 30 years experience and is registered in the states of Georgia and South Carolina. Before relocating to Athens in 2011 to help her father operate Piccadilly Farm, Valerie practiced landscape architecture in Savannah. Valerie's experience includes residential, commercial, governmental, and recreational projects. However, because of her love and knowledge of plants, Valerie particularly enjoys residential garden design and looks forward to assisting you with your project.

Several options for Landscape Design Services are listed below. Schedule an appointment for any weekday (Monday - Friday) from 9:00 am and 5:00 pm. Design Fees will be \$80 per hour which will include travel time if required and will be payable at the time services are completed. To assist us in addressing your landscape goals, please fill out the Landscape Design Information Sheet available on our website prior to your appointment (www.sites.google.com/site/piccadillyfarm).

Option A: Landscape Sketch Plan

We will meet at Piccadilly Farm to discuss your garden plans. You will provide plans, sketches, measurements, garden ideas, and photos of your house and garden that will be used as the landscape base plan. Easy to follow instructions for measuring for a landscape base plan are available on our website. We will develop a landscape sketch plan during your appointment and will help you select plants from our nursery to use to implement the plan. A landscape sketch plan is a quick and undetailed drawing that will give you the basic design concept for your garden.

Option B: Design Consultation at your Home

This will include a visit with you at your home to make suggestions for improvements and/or additions to your existing landscape. At the end of the consultation, you will be provided with the notes and any sketches made during this visit for your use.

Option C: Detailed Landscape Plan

We will meet with you at your home to discuss your landscape design, and will take measurements and photos of the area to be designed. The fee for the initial visit will be at our regular hourly rate and will be payable at the time of the appointment. Following the site visit, you will be provided a written lump sum fee proposal for preparing the plan. Once you approve the proposal, we will prepare a detailed landscape plan which will include a scaled drawing; plant list with scientific and common name, sizes, quantities and notes; and planting details. You may use this plan to obtain bids from landscape contractors or to implement the plan yourself.

Other Options:

To better suit your needs and budget, let us know if you need some combination of the landscape design services options listed above. For example, you could reduce design fees for Option C if you provide the landscape base plan as described in Option A, so that we do not have to measure the site and/or take photos.

Plant Discounts:

Upon payment of our design fees, you will receive a 20 % Discount Coupon to be used off retail plant purchases at Piccadilly Farm. This coupon will be valid for six months from date of payment and shall only be used for purchases made in conjunction with the design services provided. The coupon is not transferable and is not valid at the annual end of the season sale.
