The Everyday Wonder of Relationship: You And Me Create Society

**You never change things by fighting the existing reality.
To change something, build a new model that makes
the existing model obsolete.**

The Everyday Wonder of Relationship

There is only God. The way we relate to ourselves, one another, the world, and with The Universal Power are all interconnected and inseparable. We cannot claim to love God while hating ourselves. We cannot declare that it is a Just and Equitable Universe while treating others (people, animals, the Earth) unjustly and inequitably.

This month is the invitation to anchor in the Spiritual Practice of Engaged Relationships and actively revel in the wonder of how each relationship is ultimately a relationship of Spirit with ItSelf.

Now let's focus on the relationship we have with the society in which we live, while recognizing there are many nuances and intersections to what

these relationships mean, how they are formed, and how they influence not only those within that particular society but how they affect the global society. We are invited to look at and look for the ways we can engage society to nurture and embolden healthier, compassionate, equitable, and loving relationships for all people.
