

EMPLOYEES FOR EMPLOYEES

Dear future Local 322 UWA member,

Please do not get confused, do not listen to the lies and the Teamster Tricks.

The Teamsters are trying to confuse you by telling you we will not represent you because we only represent Megabus not the Charter employees. THAT CAN NOT BE ANY FURTHER FROM THE TRUTH.

We represent all employees' charter, mega, dispatchers, luggage handlers; we are built by Employees for Employees.

You have seen the information the rates of pay and Health Care plans we have been able to negotiate for our fellow transit employees. The Teamsters are a sinking ship drifting out to sea without a paddle; don't be pulled by their riptide way of thinking, its outdated.

Local 322 of the UWA believes in forward thinking, thinking outside the box to get the job of negotiating a strong contract done. Do not deny yourself the opportunity to be part of the fasted growing International Union; we have doubled in size in one year with our highly trained business representatives and organizers pounding the pavement to help workers just like you that have been taken advantage of for too long, while outdated union reps sit behind their desk with their feet up.

It's time for Employees for Employees to stick together and fight the old way of thinking and go back to true Unionism, employees standing up for their rights as a group and fighting to get what we all deserve proper wages and a strong Health Plan with no upfront deductible and free single coverage for all members.

A vote for Local 322 United workers of America is a Vote for all Employees
