What do I need??

Variety of clothing, layers is best. Beach towel. Cool mornings sometimes turn into very hot afternoons. We do offer water and sometimes freezies or ice cream that is pre-packaged.

Boots with a ¼" heel. For safety when riding.

A pre-packed lunch and drinks. We do have a small fridge for lunches and snacks.

Sunscreen and bug spray. We may or may not be near the bush area. Ticks are bad out here so using a product that is a tick repellent also will be wise.

---

We may be using items that can cause injury such as tractor, wood burning tools, horses and other farm items. Please be aware that we will take all precautions to train the individual to work with these items and be safe. But accidents do happen around horse farms. Tina Gifford of Iron Spirit Services and her family and volunteers are not to be held liable for any injuries or illnesses connected to being here at the farm. It is understood that photos and video may be used for advertising purposes and for social media. By signing below, you agree with the terms.
