eSTeEM Girls!

Esteem Girls Inc. is a registered 501 C3 non-profit organization that addresses a social issue, that impacts the economy. We are changing the trajectory of an entire generation by resolving the issue early on. We provide hands-on interactive stem programming that teaches core content areas, particularly in Science and Math, in a fun way. As well as provide academic enrichment to bridge the gap in STEM achievement.

Research shows that once girls move onto high school, it is almost impossible to change their interest and confidence in their ability to perform well in STEM. Research has also shown that children of all ages learn best by doing, and when they are having fun. With the lack of representation in these areas, a lack of diversity would lead to fewer discoveries and solutions to current and future pressing problems.

eSTeEM Girls Summer Camp

Black & Brown Girls STEM Data!!!

Stereotypes in the community and unconscious biases from teachers discourage Girls from Math and Science. (NYT)

7% of black women make up the U.S. population but only 2% hold stem occupations. (NSF)

STEM majors on average earn \$65,000 while non-STEM majors earn about \$15,500 less. (DOE)

Why enroll in Esteem Girls Annual STEM Summer Camp?

Small Camp Size (enrollment cap to 12 girls due to COVID)

STEM Hands-on learning

Career Exposure

We decrease the summer learning curve

Increased self-esteem & confidence

Meals & snacks provided

Free with fundraising! Affordable, flexible payments, subsidies accepted.

eSTeEM Girls Summer Camp

FAQ?

Is lunch & snacks included? Lunch must be packed however, snacks are provided.

Can my student bring their cell phone/Ipad? No, we ask that all electronics stay home. If they are brought to camp. They are must be placed in a bin during sign-in. They will be returned at the end of the day.

Who are the staff? College students 18 years or older, majoring in a stem field. Supervised by an experienced director, over 21 years of age. All clearances are on file.

How many campers will there be? There will be 12 campers due to covid, prior to COVID we hosted 20 campers.

Are there any scholarships or financing available? We accept state subsidies and host several fundraisers prior to camp in order to make our summer camp free and affordable. We encourage all families to participate.

Could you describe a typical day? Each camp day is unique, but there is a great deal of consistency to the daily program. The daily schedule consists of sign-in/free choice, daily recitation, icebreaker, steam, snack, stem class, lunch, self-esteem, yoga/mindfulness/outside (rotates), stem class, snack, clean up, pick up/free choice.
