

Fireside Fellowship:

Faithfulness in Discerning and Doing Good:

1. When you think of someone who “loves to be first”, what does that person act like? How do they treat others? How do they make you feel?
2. Why do you suppose people who want to be first, gossip about and slander those who threaten their power and influence?
3. In what ways do those who are “power people” put pressure on others to follow them or leave the church?
4. What does it take to be faithful in following the truth when pressure is being exerted against you to compromise the truth? Even if it is your friends or people in power positions?
5. What does it mean that the truth will witness to your character? How does the truth become a witness to your character?
