Quick Rate Quote Tutorial

This Rate Quote Tool is only to see your rate if you do decide to ship with MMS. This tool is not intended to process your shipment. It can not. If you would like to proceed shipping it with MMS, you will need to return to the MMS website's "International" page as you scroll down the page just under the log in for the rate quote tool, you will see the "Process My Shipment Form." This is the form that will need to be filled out and submitted in for your shipment to be processed and the shipping documents sent back to you.
Thank You.
