# Rabbit-3 Two Speed

Floor machine model 19 with soft start motor

**Benefits** of this great machine are that it can be used for **more purposes than a regular polisher**. Here is a list of what this machine can do:

1. As a regular polisher, **Spray-buff** floors
2. Strip floors **without splashing the corrosive liquid**
3. **Strip floors fast** by adding (2) 40lb horseshoe weights to it
3. Scrub and **clean baseboards** and half round **cove** baseboards
4. Use in washrooms **by downsizing to 13"**
5. Put it in a car trunk by **detaching the handle**

## Features:

1. Detach cable before filling the water tank from sink. (You don't want to fight with cable, walk 50ft unplug & walk 50ft to re-plug )
2. Operate machine at either 200 or 300rpm
3. All moving parts are reinforced with bushings
4. Rectified DC soft start 1.5hp motor. (As a result when the machine is working hard, it will slow down before it blows a fuse.)

Rabbit-3 Part # **2W22037**

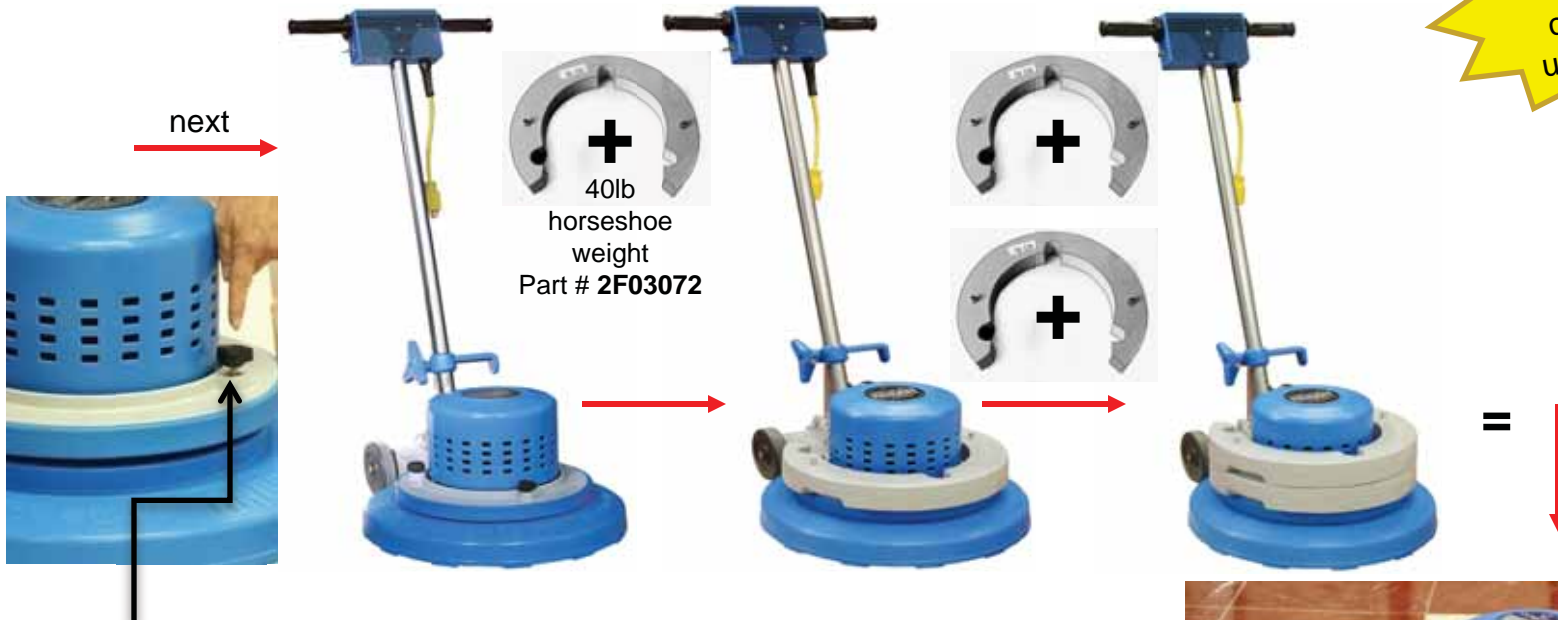

Rabbit-3F c/w Flex hose & valve  
Part # **2W22038**

# Stripping Fast illustration # 1

Reduce labour costs by up to 50%

**Reduce cleanup time after stripping.**  
Prevent splashing the walls and furniture by lowering the Splash guard. By undoing the (3) splash guard release knobs, shown above, the Splash guard will ride on the floor preventing splashing.

The Splash guard in down position with (2) 40lb horseshoe weights stripping fast.

# Stripping Fast illustration # 2

Reduce  
labour  
costs by  
up to 50%

40lb Horseshoe weights are a **major money saver** when stripping floors.

Add (2) 40lb horseshoe weights to the machine and reduce floor stripping time by half.

The weights will cut down the stripping time regardless of what chemical or pad is used.

This is a very prudent way to save money.

Use **40lb horseshoe weights only** when the floor is wet.

40lb Horseshoe Weight  
Part # **2F03072**

Just lower the splash guard, add the weights and you have the perfect machine. It will strip fast without splashing.

Made in Canada

# Cleaning Baseboards illustration #1.

Basic Rabbit-3  
Part # **2W22037**

Water Tank Part  
# **2A88900**

Scrub Jay #3  
Part # **2A81356**

Rabbit-3F with flex-hose  
Part # **2W22038**  
ADD 2A88900 Water Tank

Use a black 17" diameter pad, under  
the Scrub Jay, **to clean both the floor  
and the baseboard** at the same time.  
Part # **2A81260**

Rabbit-3F w/flex-hose Part # **2W22038**  
ADD 2A88900 Water Tank  
ADD 2A81356 Scrub Jay #3  
OR order the **Complete package "B" or  
"D"** which include drive blocks & weight.

Fill the tank with clear water and keep it  
flowing during the baseboard cleaning. This  
will help to wash the dirt down and lubricate  
the surfaces.

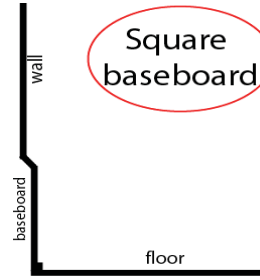

Made in Canada Patent pending 

# Cleaning Baseboards illustration #2

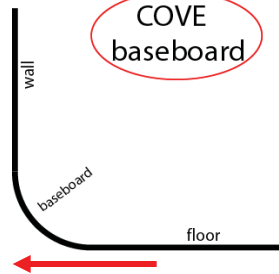

Scrub Jay #3 Part # 2A81356

Replacement Pads are 52" long strips that wrap around the Scrub Jay. Packaged 5/box.

Cleaning square baseboard

**To clean Cove baseboards,** the pad strip & the bottom pad are arranged differently. For honing use Astro pads which are diamond impregnated.

Includes:  
Rabbit-3F  
18" Drive block  
13" Tynex Scrub Brush  
Water tank  
Scrub Jay #3  
(1) 40lb Horseshoe Weight

All of these machines include  
cable & splash guard

Made in Canada. CSA approved

# Rabbit-8 Carpet Cleaner with Pump

With Built-in pump

Bonnet Driver

Made in Canada 

## Benefits:

**This is the fastest carpet cleaner on the market.**

Spray the solution then walk forward and clean the carpet which will dry in half an hour. An excellent machine to maintain the carpets in heavy traffic areas, such as in front of elevators and entry ways.

**Time saving benefit**, the bonnet does not need to be dunked into the water, just put it on the floor, position the **Rabbit-8** on top of it, then spray and walk forward. You may also spray directly onto the bonnet.

## Features

**The Rabbit-8** has a built-in pump on top of the motor which is operator activated with the pull of a finger.

It has an articulated spray nozzle which can be directed 90 degrees to the left or right. It accepts a 19" diameter bonnet.

The 4 Gallon solution tank holds all the liquid solution needed for the job. Accommodates 19" bonnet.

- ❖ Single speed 175rpm 1.5hp DC motor
- ❖ 50ft 14 gauge cable. Pump 40 psi
- ❖ Interchangeable spray tips

**Rabbit-8** Part # **2W22044** Includes: pump, Water (solution) tank, and a Bonnet driver Part # **2A81982**.

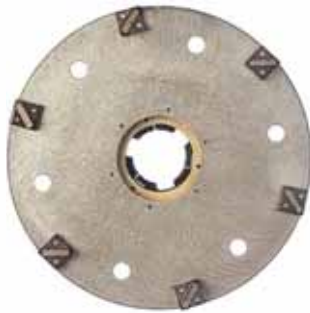

If the **Rabbit-8** is used for marble or terrazzo honing & polishing then (2) 40lb horseshoe weights, Part # **2F03072** are needed, along with an 18" diameter Magpie to hold the diamonds Part # **2A81840**.

# Stonechat

## Heavy Duty Stone Grinder & Polisher for Wet or Dry Application

**Magpie** Aluminum cutting head c/w 6 cup discs 30 grit diamonds Part # **2A81843**

**Magpie** Aluminum cutting head c/w 6 Gimlet 16 grit diamonds Part # **2A81840**

Oriol drive block 16"dia Part # **2A81942**

40lb Horseshoe Weight Part # **2F03072**

**The Stonechat is the most powerful machine we produce for 110 Volt and 15 Amp outlets.**

Soft Start DC 1.5 hp motor. Disc speed 180 rpm

**The Stonechat** is very powerful and capable of carrying 240lbs. on top of its own 90lb weight , for a total of 330lbs. and it will continue to work 24/7.

Slurry and dust are contained by the Splash guard.

Grinding, path: 18" Water tank capacity: 4 gal

Production rate, grinding, polishing terrazzo or marble:

100 to 150 sq ft/hour/grit

The extra wide (22") handle reduces fatigue.

The handle height adjustment is located at the top of the handle and is a dream to operate.

The Amp meter provides feedback to judge the number of 40lb horseshoe weights to be used.

**Stonechat comes with**

(3) 40lb Horseshoe Weight , dust port, water tank.

**Stonechat Part # 2W220-4**

# Stonechat-Mini

13 inch Short Handle Counter Top Machine on Steroids.

This machine will outperform the standard 7" grinder because of the amount of weight it can carry.

By adding 40lb horseshoe weights, you can cut the time in half to finish the job. The machine is very easy to operate with less fatigue than the 7" grinder.

The nicest part of it is, this machine will work for 20 or 30 years on the job without breathing heavily.

## Features include:

1.5 hp soft start DC motor  
Operates on 110 Volt 15 Amp

Stonechat-Mini comes with  
1- 40lb horseshoe weight,  
1-Magpie 13" diameter  
1-Splash guard

Machine with (1) weight: 115lb

Machine with (2) weight: 155lb

Polishing path: 13"

c/w water hose hook-up. A simple valve controls the water flow, while the splash guard contains the slurry.

Insist on  
*Genuine* CENTAUR parts

**Stonechat-Mini Part # 2W220-9**

Extra 40lb Horseshoe Weight Part # **2F03072**

Splash guard Part # **2E94026**

13" Magpie with full Velcro face 13" dia.

Part # **2A81825**

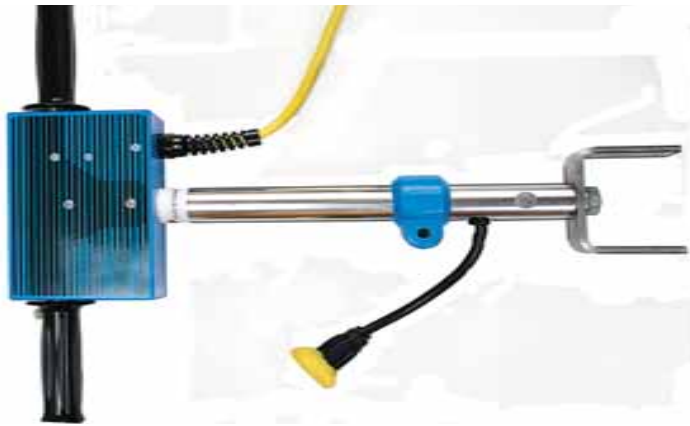

Made in Canada

# Stonechat Conversion Kit.

Convert a Stonechat to a Stonechat-Mini

This short handle is hard wired

To convert a Stonechat, remove the long handle, and replace it with this short one.

The Conversion kit Part # **2C01700**

consists of:

- ❖ Short handle with 50ft cable Part # **2E90049**
- ❖ Splash guard 13" Part # **2E94026**
- ❖ Magpie 13" Drive block Part # **2A81825**

Use your 40lb horseshoe weights which came with the Stonechat or purchase 40lb Horseshoe Weight Part # **2F03072**

**And you are done, ready to do counter tops.**

Note: Converting the Rabbit-3 will change the machine to a single speed machine (300rpm). Use only one weight with the Rabbit-3.

13" Splash Guard Part # **2E94026**

Extremely durable fabric-laminated-neoprene which is used on highway asphalt spreading machines.

Insist on *Genuine* CENTAUR parts

13" Magpie Drive block full Velcro face (diamonds not included).  
Part # **2A81825**

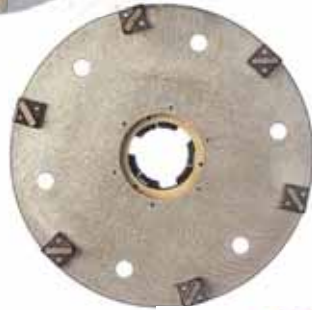

Made in Canada 

# Rocky model 17 for the RENTAL industry

**Magpie** Aluminum cutting head c/w 6 cup discs 30 grit diamonds Part # **2A81837**

**Magpie** Aluminum cutting head c/w 6 Gimlet 16 grit diamonds Part # **2A81836**

Oriol drive block 16" dia Part # **2A81630**

40lb Horseshoe Weight Part # **2F03072**

## **Rocky Benefits:**

- Spray buff floors
- Strip floors
- Grind concrete or polish marble floors
- Remove old glue from concrete

## **Rocky Features:**

- Attach a vacuum cleaner to the dust port to remove dust during operation.
- Detachable handle to fit it into a car
- For grinding epoxy add (1) 40lb Horseshoe weight
- Cutting head operates at 175 rpm
- Heavy duty cable
- Motor: AC type 1.5hp with dual capacitors
- For concrete grinding or for glue removing use 16" diameter solid aluminum cutting head with diamonds. Cup discs will leave a smoother surface than the "Gimlets"
- For epoxy coating use the "Gimlets" to create rougher surface. Machine weight 114lb without 40lb horseshoe weight or drive block.

**Rocky Machine Only** Part # **2W22013**

**Rocky Cleaning Package** Part # **2W22016**

Incl: 16" Oriol Drive Block, 40lb horseshoe weight

**Rocky Grinding Package** Part # **2W22017**

Incl: 16" Oriol Drive Block, 40lb horseshoe weight, 16" Magpie w/gimlets

# Woodpecker

## *Dustless* Floor Sander

### ***Benefits & Features***

1. An excellent machine to finish gym floors, class room floors & apartment parquet flooring.
2. The (2) fluorescent light bulbs illuminate the work area.
3. Equipped with an exhaust port. Attach a vacuum to remove air-born dust.
4. (1) 40 lb Horseshoe weight included.
5. Soft start, single speed 1.5hp DC motor identical to the Stonechat
6. Use a regular drive block Part # **2A81942** with a white pad & screen or the Crow Part #**2A81850** & double sided sandpaper.

Made in Canada 

# Heavy Duty Dolly

## Flex-hoses

for baseboard cleaning

**Woodpecker**  
Part # 2A88822

**Rabbit-3,  
Stonechat,**  
Part # 2A88823

**Rabbit-5 & 8**  
Part # 2A88821

Machines can be **retrofitted** with any of these flex-hose assemblies to clean baseboards.

Insist on *Genuine* CENTAUR parts

Will accommodate (6) 40lb horseshoe Weights

Part # 2A80320

## Accessories for **FLOOR** machines

Insist on *Genuine* CENTAUR Parts & Accessories

# Astro Pads for Scrub Jay

## Diamond Impregnated PAD Strips

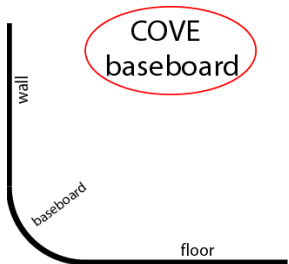

Astro Pad Strips are sold individually for Scrub Jay #3

We stock 400 and 800 grit. Pad strips are 4" wide.

Astro Pad Strip 400 Part # 2A81223

Astro Pad Strip 800 Part # 2A81224

These ASTRO Pad Strips are the new addition to our highly valued "Scrub Jay" attachment. They are diamond impregnated to **hone terrazzo** baseboards. Designed to be used for cove type of baseboards.

Use a 4" Strip on the side and a 15" pad under the Scrub Jay #3 to do cove.

Treat them as you treat any diamond by using water during honing.

# Drive Blocks

**Oriol Floor Pad Driver 18" dia. Part # 2A81940**

This blocks has a rubber donut at the center to even out the *wobbliness* caused by uneven floor pads. On the bottom the usual hooks hold the pad in place. *This is designed for the 300 rpm machines.*

**Red bristle Bonnet driver  
Part # 2A81982**

This is the ideal driver for bonnets because it won't damage them and it is inexpensive.

**Center Lock Wrench  
Part # 2A80203**

**Oriol Plus Pad Driver 18" dia. Part # 2A81942  
Oriol Plus Pad Driver 16" dia. Part # 2A81630**

**Oriol Plus Pad Driver 13" Part # 2A81330**  
for the "downsized" Rabbit, Woodpecker or Stonechat

The larger Oriol Plus block comes with a center lock which helps with centering the pad and keeps it in place when lifting the machine. On the bottom of the block are the usual hooks to hold pad in place.

Insist on *Genuine* CENTAUR Parts & Accessories

# Special Brushes & Drive Blocks

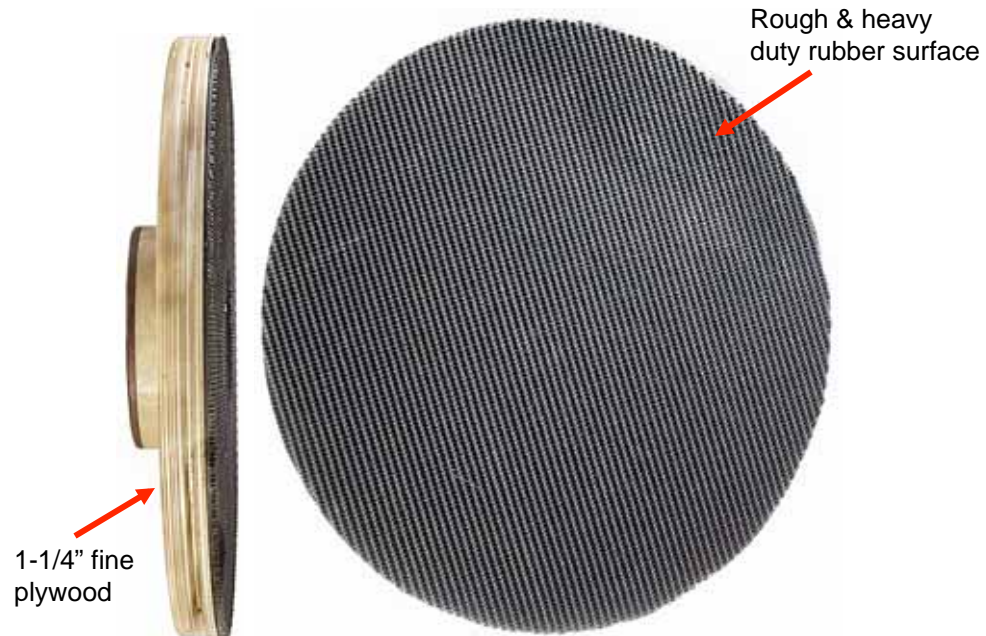

## Grout Brush

This Block is a unique combination of a brush to handle all the “lows” and a pad driver to clean all the “highs.” This design creates a multi-level scrubbing action that produces results superior to standard rotary brushes and pad drivers. Reduces the need for multiple passes during floor stripping or scrubbing. Ideal for use on unsealed or sealed concrete, terrazzo, vinyl tile, ceramic/quarry tile and linoleum. Flexible enough for cleaning narrow grout lines and uneven surfaces.

Tynex Brush/pad 17” diameter Part # **2A71786**

## CROW Sandpaper Holding Disc 18”

This time-honored disc isn't our invention; we just made it better. The virtue of the disc is that it's very, very flat. Therefore, the floor will become very, very flat. Use a double-sided sandpaper which is many times better than a single sided sandpaper. The double sided is more rugged and less prone for tearing. When you use a screen just put a white floor pad above the screen.

Crow 18” diameter Part # **2A81850**

Crow 16” diameter Part # **2A81848**

Made in Canada 

# Tynex Brushes

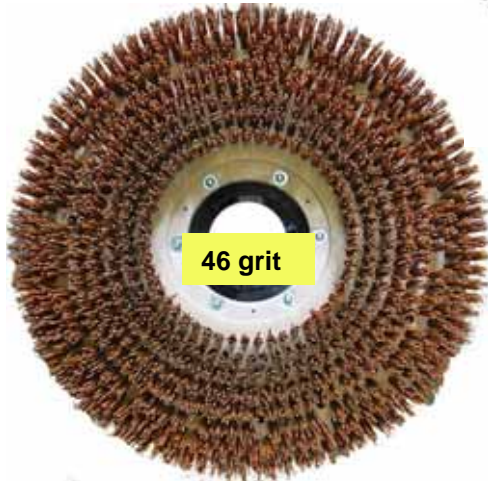

Silicon carbide impregnated nylon bristles which replenish themselves as the brush wears down. Available in 4 different grades. Outlasts floor pads 100 to 1.

1. **500** grit with minimum aggression. For daily scrubbing of tiles, marble, terrazzo, epoxy and wood floors.
2. **180** grit is an excellent scrubbing brush for vinyl or ceramic tiles. Flexible enough for cleaning and uneven surfaces. Cleans narrow grout
3. **80** grit is our most popular aggressive brush for general scrubbing or stripping finishes from hard surfaces. Cleans wide grout lines.
4. **46** grit is the most aggressive brush. This heavy gauge nylon with larger carbide can be used for cleaning heavily soiled concrete floors. Use these brushes in wet environment.

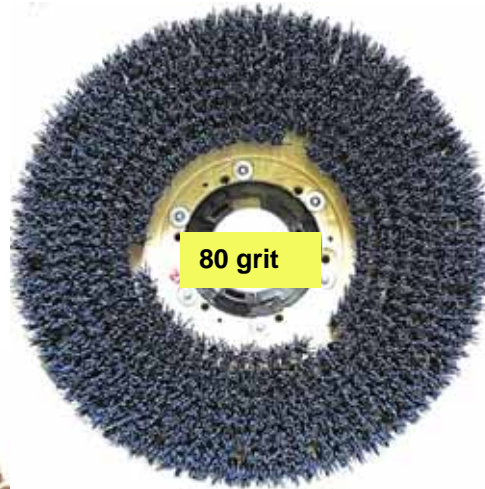

Sizes 19", 20" and 21"  
Are also available.

## **Scarify Brush**

18" dia. Part # **2A61867**

# Clutch Plates

Plastic Clutch Plate

Metal Clutch Plate

Clutch-plates for all brushes and drive blocks, fit North American machines.

**Plastic** with 5" dia. center hole

This is the most popular plate. It is easy to remove brushes & drive blocks. Sometimes under heavy loads it may break.

Part # **2M09200**.

**Metal** with 5" dia. center hole.

This plate will outlast the plastic and won't break, but at times it is difficult to remove the brushes & drive blocks.

Part # **2M09201**

# Shampoo Brushes

Stainless steel disc height can be adjusted to match brush wear.

An excellent quality flexible nylon brush. Supple enough to gently scrub carpets, yet has more "memory" than other fibers for a longer lasting brush. It has two different diameter bristles. The outer rows are heavier to carry the weight of the machine. While the inner white is a lighter weight nylon.

Fits Rabbit-3 & 5, 6 and 8

**18"** Part # **2A81980**

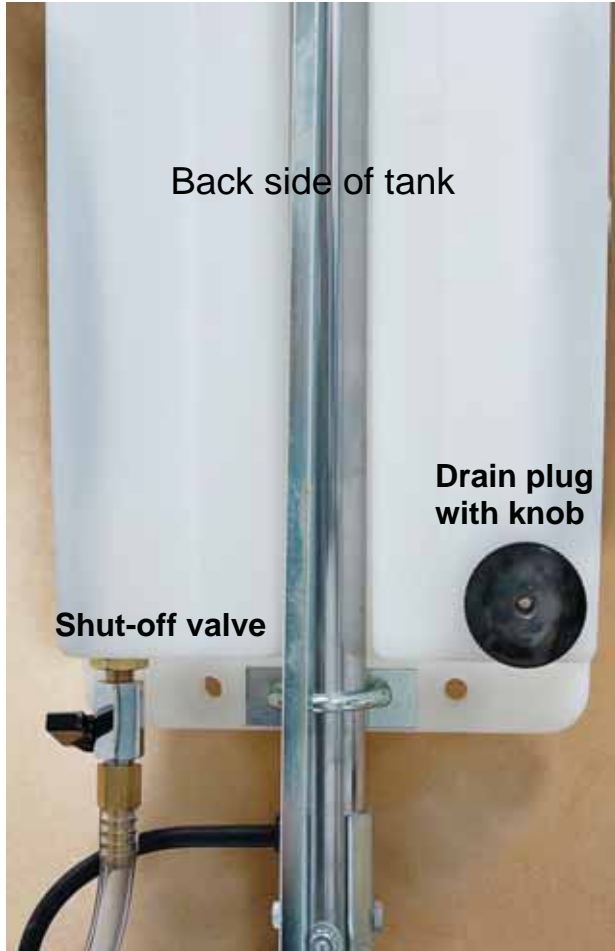

**16"** Part # **2A81680**

**13"** Part # **2A81380**

The best **shampoo brush** on the market. The weight of the machine rests on the stainless steel plate (adjustable as the bristles wear down) in the middle of the brush. It allows the brush to easily glide over the carpet, reduces drag, and increases efficiency. The bristles will last much longer than a regular shampoo brush

Fits Rabbit-3 & 5, 6 and 8  
Part # **2A81983**

# Deluxe Water Tank

## Deluxe Custom Made Water (solution) Tank.

This tank is an upgraded version of a regular tank which will leak as soon as you lay the machine on its back. To prevent this leaking, we re-manufacture the complete VALVE assembly as well as the holding clamps.

We added a drain plug to drain the tank after the job is finished.

Part # **2A88900** for Rabbit-3

Part # **2A88920** for Stonechat

Part # **2A88801** with no handle for Rabbit-5 , 6 , 8

# Falcon-1 & 3 Wet/Dry Vacuum Cleaners

Deluxe model

Tool Kit #76 Part # 1B49976

- **Falcons** are the most robust vacuum cleaners we build.
- Use for wet or dry applications.
- Liquid recovery capacity is 45 liter or 12 gal.
- Dry & Wet filters are included, so is a 10 foot long hose.
- The tool caddy basket is made of heavy steel to hold cleaning tools.
- The carriage is made of chrome plated steel tube which will last as long as the vacuum cleaner.
- To hold the top down, we use 3 double-lock steel latches.
- The steel motor housing is powder coated.
- The container is 5/16" thick polyethylene.
- DELUXE model comes with Tool Caddy and Drain hose.

# Falcon-5 Wet/Dry Vacuum H.E.P.A.

Use  
standard  
garbage  
bag

## The dirt collector.

### The Centaur way to empty FALCON-5

This amazing machine collects dirt efficiently into an ordinary, off-the-shelf garbage bag. To empty the vacuum, just pull the strings and lift out the full bag. Replace it with a fresh one and you are ready to go again- no fuss, no mess.

The bag has the capacity to hold 50 liters -about 13 gallons- of dry dirt. When used for liquid, just remove the garbage bag.

## The Clean Air Machine

Use the **Falcon-5** and breathe easier.

Vacuuming can be risky because some of the dust penetrates the vacuum filter and gets back to the air and into you lungs. If this dust is a biological hazard, it can cause major health problems. That's where our HEPA filter excels.

Our large **HEPA filter** retains dust as small as 0.3 micron at 99.97% efficiency. It filters out most bacteria.

Made in Canada.   
CSA/UL approved

Part # **1B49973**  
Friction Fit  
Contains  
Combination Tool Part # 1B50060  
3-piece wand Part # 1B50010

## Tool Kit #76 WET/DRY

Part # **1B49976**

Contains

Carpet tool 16" Part # **1B50900**

Squeegee tool 14" Part # **1B50100**

1-piece "S" wand Part # **1B50000**

# Carpet Cleaning Tools 1-1/2" Diameter

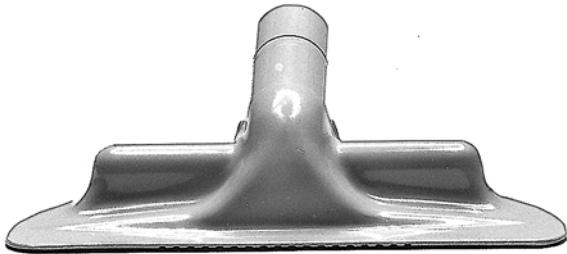

**Carpet Tool** slotted 14" wide plastic. It is a simple but effective dust pickup tool Part # **1B50300**

**Carpet Tool** 14" wide plastic. Excellent for water pickup from carpet Part # **1B50200**

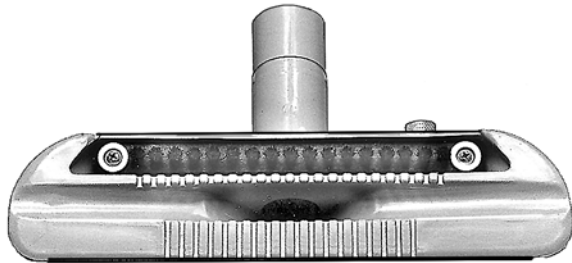

# Carpet Cleaning Tools

1-1/2" Diameter

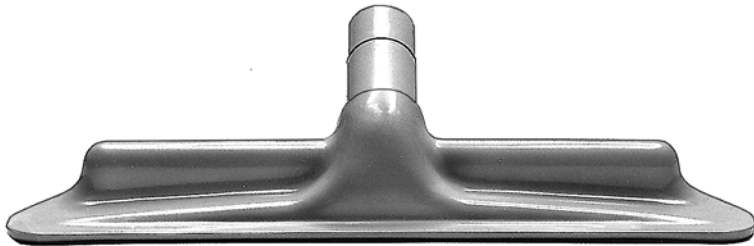

**Carpet Tool 11"** wide plastic Part # **1B51000**  
It is a well accepted & well proven tool for 50 years

Replacement brush Part # 1B51001

**Carpet Tool 16"** wide plastic Part # **1B50900**  
It is identical to the above tool except it is wider.

Replacement brush Part # 1B50901

# Liquid Pickup Tools

1-1/2" Diameter

## **Squeegee** 14" wide plastic Part # **1B50100**

It is a simple but good water pickup tool for hard surfaces, such as vinyl tiles, terrazzo floor, concrete floor, ceramic tiles

Replacement blades Part # **1B50102** (4 pieces)

## **Felt Tool** 14" wide plastic Part # **1B51200**

A very good tool for water & debris pickup for hard surfaces, such as vinyl tiles, terrazzo floor, concrete floor, ceramic tiles.

It is more gentle and less noisy than the squeegee

Replacement felt Part # **1B51202** (pair)

## **Dial-A-Job** 17" wide aluminum tool Part # **1B55540**

The height of the blades are adjustable by rotating the middle knob. This tool can be used for picking up liquid or dry material. It is an excellent carpet tool. The blades and wheels are replaceable and its body lasts for decades.

Replacement blade Part # **1B55541** (pair)

## **Versa Tool** 17" wide aluminum tool Part # **1B55500**

Is similar to the above tool except it has interchangeable blades and brushes. (NOT SHOWN)

# Hard Surface Cleaning Tools

1-1/2" Diameter

**Horse Hair Aluminum Floor Tool** 11" wide. The fine hair is suitable to clean billiard tables and similar delicate surfaces. Part # **1B54600**

Replacement Brush Part # **1B54601**

**Gulper Tool** Solid aluminum 12" wide tool for very tough jobs. May be used on concrete or brick surfaces. Part # **1B54500**

# Hard Surface Cleaning Tools

1-1/2" Diameter

**Floor Tool** Natural Tampico bristle good for hard wood, concrete or Cory tile. 14" wide plastic body  
Part # **1B50400**

Replacement Brush Part # **1B50401**

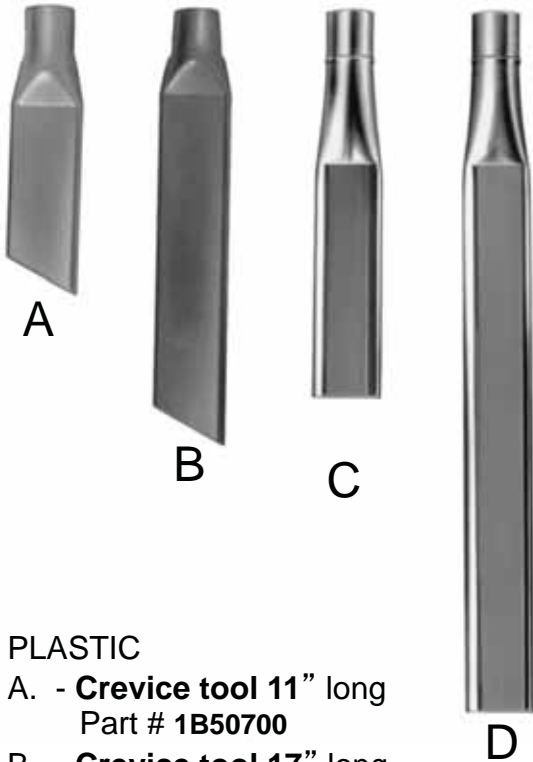

**Upholstery Tool** with removable brush.  
7inch wide. Part # **1B51300**

Replacement Brush Part # **1B51301**

# Crevice Tools

for 1-1/2" Diameter Hose

## PLASTIC

- A. - **Crevice tool 11" long**  
Part # **1B50700**
- B. - **Crevice tool 17" long**  
Part # **1B53000**

## STEEL

- C. - **Crevice tool 15" long**  
Part # **1B53100**
- D. - **Crevice tool 27" long**  
Part # **1B53200**

# Power Brushes

**12" SEBO® Power Brush**  
Comes with Gas Pump shaped grip and electrified hose. Sebo electric power heads are made to withstand heavy use on all types of carpets in commercial and residential applications.  
Part # **1F13600**

**16" ORECK® commercial power brush.** Heavy duty, driven by an electric motor. It will remove dirt from all types of carpet. Fits 1-1/2" dia. Hose. Part # **1F13000**

Equipped with 3 pcs chromed wand  
2 cables (one short and one 10ft long)

# Special Cleaning Tools

Metal with replaceable bristles  
**Round brush 3" dia. Part # 1B53600**  
**Round brush 5" dia. Part # 1B53700.**

Replacement brush for 3" Part # **1B53601**  
Replacement brush for 5" Part # **1B53701**

**2-1/4" dia. round plastic brush**  
Part # **1B50600**

Refill for 4 to 6" Pipe Tool Part **1B54201**  
Refill for 6" & larger Part # **1B54301**

Aluminum

## Pipe Tools

### Pipe Tools, Aluminum.

We offer 3 different sizes.

For 1 to 3 inch pipes Part # **1B54100**

For 4 to 6 inch pipes Part # **1B54200**

For larger than 6 inch Part # **1B54300**

These tools are designed for tough jobs to remove dust from overhead pipes and hard to reach places. Made of aluminum with replaceable or refill brush.

### Pipe Tools, plastic

The two versions of these plastic pipe tools are less expensive than the above type. They are lighter and easier to work with.

For 1 to 3 inch pipes Part # **1B54310**

For 4 inch and larger Part # **1B54305**

Pipe tools, plastic

# Sidewinder

1.5" dia. friction fit tools

## High Productivity Vacuum Tools

**Carpet Tool 18"** Part # 1B56016  
**Carpet Tool 15"** Part # 1B56018  
Cleans in half the time of a regular 14"  
tool. Excellent for low pile carpet.

**Squeegee 15"** Part # 1B56022  
This is the best liquid pickup  
squeegee on the market. It has a  
single rubber blade that works  
faster and quieter than a regular  
squeegee.

**Brush Tool 18"** natural bristles Part # 1B56010  
**Brush Tool 15"** natural bristles Part # 1B56012  
**Brush Tool 18"** synthetic bristles Part # 1B56006  
**Brush Tool 15"** synthetic bristles Part # 1B56008  
Cleans floors, walls & overhead pipes.

Also available with  
natural bristles.

**Felt Tool 8"** Part # 1B56004  
**Felt Tool 15"** Part # 1B56002  
**Felt Tool 18"** Part # 1B56000  
Ideal for hardwood and concrete  
floors.

# Sidewinder Tools – The Time Saver

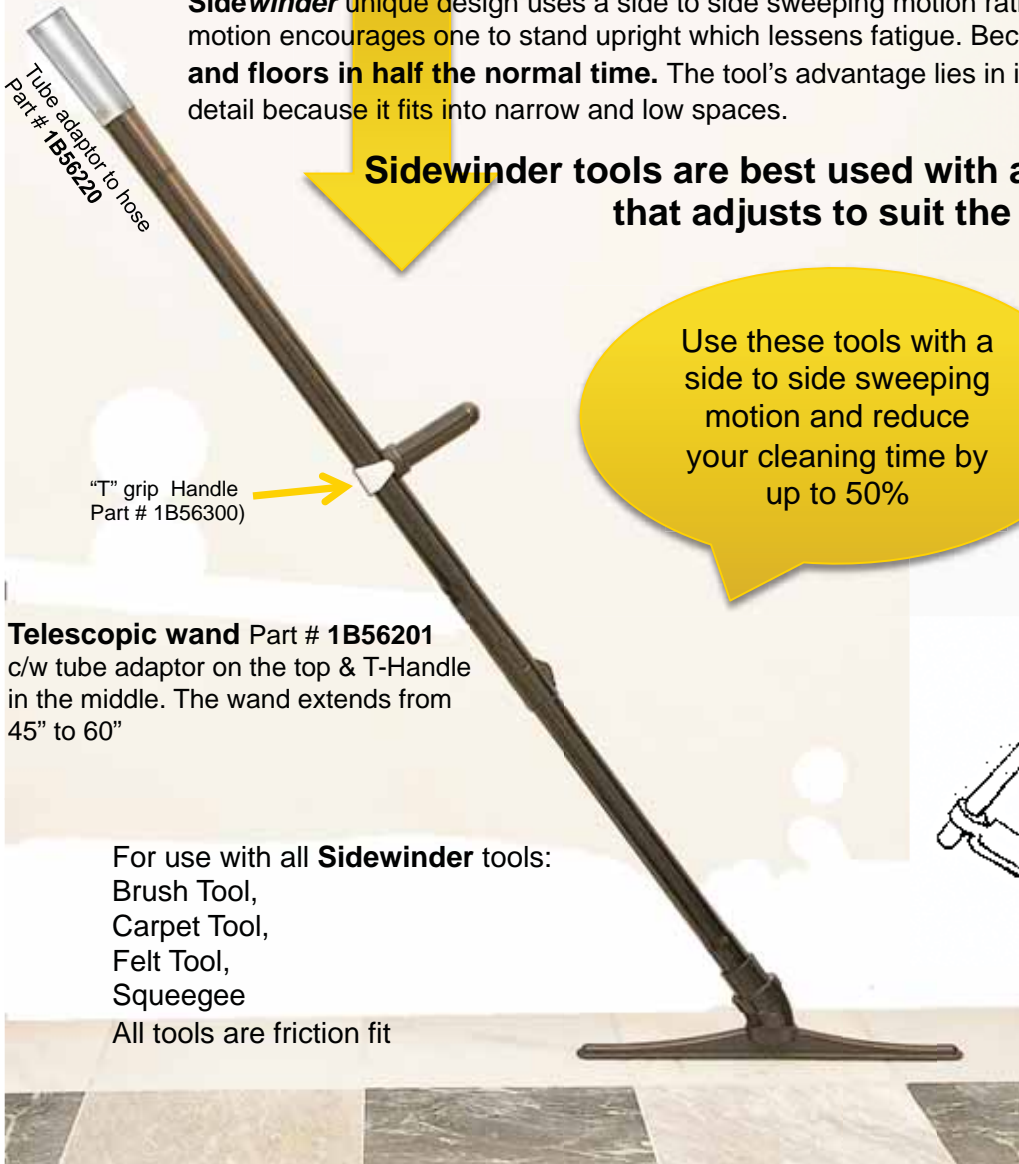

**Sidewinder** unique design uses a side to side sweeping motion rather than the traditional back and forth motion. This sweeping motion encourages one to stand upright which lessens fatigue. Because of this side-to-side motion, you'll be able to **clean carpets and floors in half the normal time**. The tool's advantage lies in its ability to **double your production** and clean in more detail because it fits into narrow and low spaces.

**Sidewinder tools are best used with a Straight Telescopic Wand, that adjusts to suit the users height.**

Use these tools with a side to side sweeping motion and reduce your cleaning time by up to 50%

NO, we didn't invent the Scythe harvesting tool !

It has been around for over 1000 years. That is why we **modeled our wand** after the Scythe and its side handle. Our tool and the Scythe use similar side-to-side motion. To make these tools more ergonomically friendly they are equipped with a side "T" handle in the middle. We adopted this idea for our telescopic wand to make the cleaning faster.

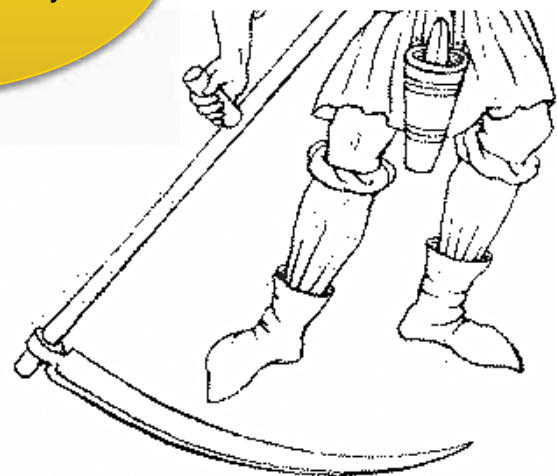

Tube adaptor to hose  
Part # 1B56220

"T" grip Handle  
Part # 1B56300

**Telescopic wand Part # 1B56201**  
c/w tube adaptor on the top & T-Handle in the middle. The wand extends from 45" to 60"

For use with all **Sidewinder** tools:  
Brush Tool,  
Carpet Tool,  
Felt Tool,  
Squeegee  
All tools are friction fit

# Think TALL

There are times when you must reach great heights. Not because you want to impress your neighbors, but because you have to remove dust from hard to reach places. This is the time to call us for these solution providing vacuum tools.

Pick and choose either of these types of tools:

1. **Pipe Tools** or
2. **Sidewinder Tools**

If you are using **PIPE Tools** use  
Goose neck w/coupling Part # **1B51800**

and add any of **Aluminum pipe tools**.

- Pipe max 3" Part # **1B54100**
- Pipe max 6" Part # **1B54200**
- Pipe over 6" Part # **1B54300**

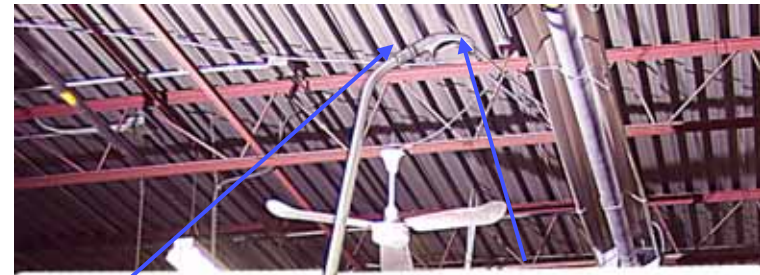

Or **Plastic pipe tools**

- 1 to 3 inch pipes Part # **1B54310**
- 4 inch and larger Part # **1B54305**

If you are using **Sidewinder Tools** then use  
Goose neck Part # **1B56205** and any of the following tools.

- 8" Brush tool Part # **1B56014**
- 18" Brush tool Part # **1B56006**
- 18" Felt tool Part # **1B56002**
- 15" Squeegee Part # **1B56022**
- 18" Carpet tool Part # **1B56016**

The next step is to elevate the above tools to the height you want with extension wands which fit together by friction. The straight wands are approximately 5 feet long while the telescopic wand has a range of 45 to 60". On some jobs the goose neck may not be required.

Gooseneck  
with coupling  
Part # **1B51800**

## Pipe Tools

- Pipe max 3" Part # **1B54100**
- Pipe max 6" Part # **1B54200**
- Pipe over 6" Part # **1B54300**

- 2 pieces of **straight extension wands**  
(1 )wand Part # **1B51700**  
and/or  
**Telescopic wand** Part # **1B56201**

Order a wand Kit with gooseneck w/  
coupling and add the pipe tool  
required.

- Kit to reach 15ft Part # **1B51821**
- Kit to reach 20ft Part # **1B51822**
- Kit to reach 25ft Part # **1B51823**

# Sidewinder Tools for Overhead Cleaning

**Sidewinder** Tools can be attached to this Curved goose neck and to Straight Friction Fit Wands for overhead cleaning.

- Goose Neck w/no coupling  
Part # **1B56205**
- Telescopic Wand Part # **1B56201**
- 8" Brush tool Part # **1B56014**
- 8" Felt Tool Part # **1B56004**
- 18" Brush Tool Part # **1B56006**
- 18" Felt Tool Part # **1B56000**
- 15" Squeegee Part # **1B56022**
- 18" Carpet Tool Part # **1B56016**

**Cleaning overhead lights and shelves.**

Because of the **Sidewinder** tools unique ability to bend side to side, you can stand several feet off to the side from the lamp or shelf when cleaning.

Choose from at least 6 different tools to clean overhead pipes, rafters, I-Beams, air ducts, window sills and ventilation vents, or any surface that accumulates dust.

# Overhead Cleaning with *Sidewinder*

Goose neck no coupling  
Part # **1B56205**  
18" Brush tool Part # **1B56006**

**Cleaning overhead structures**  
*Sidewinder's* unique bending ability allows you to stand several feet away from the surface being cleaned.

Use the telescopic wand listed below and/or use 2 Straight extension wands coupled together.

The Wands used in these pictures are:

Telescopic Wand

Accommodates (6) diamonds 3" in diameter.  
13" dia. Part # 2A81825. (Diamonds are not included)

# Guide for Diamond Use

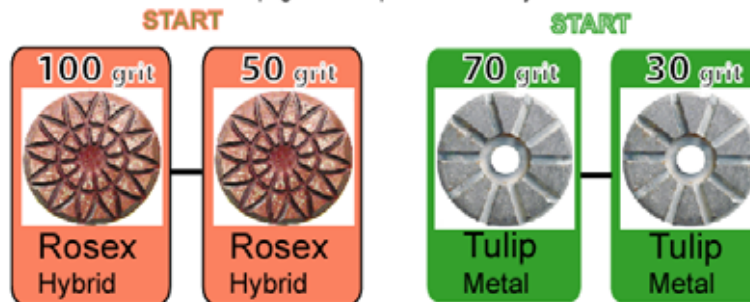

**To grind, hone & polish  
Marble, travertine,  
terrazzo & granite**

This chart will give you a basic guide as to the diamonds to buy and in what sequence to use them.  
Use a Stonechat on a 110 volt circuit with 40lb horseshoe weights or the EcoPrep machine on 240 volt 15 Amp circuit.  
As always, weight and speed are important to achieve good results. Thypoons last longer and cost more than Rosex & they give a better finish.  
For granite honing & polishing use designated diamonds & polishing powder.  
The last step is employing impregnator or **Penetrating Sealer**.

To gain more knowledge about grinding, honing, polishing read about our **ONE DAY COURSE** on page 87.

Start with either Tulip or Rosex Hybrid (not both)  
for lipage use Tulip the Rosex may break

# Diamonds

for Concrete, Granite Grinding or Glue Removing

The **SPIRAL CUP-WHEEL** has a very aggressive diamond pattern of about #30 grit. Available in 5/8-11 thread. It can be used on a Stonechat, on a hand grinder or on the EDCO walk behind edge grinder.

4" dia. 8 segments Part # **2C00422**

4" dia. 14 segments Part # **2C00423**

7" dia. 18 segments Part # **2C00419**

7" dia. 24 segments Part # **2C00420**

7" dia. 12 segments Part # **2C00421**

The **Double Row CUP-WHEEL** is a less aggressive than the SPIRAL and it leaves a smoother finish on the floor. Available in 5/8-11 thread. It can be used on a Stonechat, on a hand grinder or on the EDCO walk behind edge grinder.

4" dia. Part # **2C00424**

5" dia. Part # **2C00425**

7" dia. Part # **2C00426**

The **HEXAGON** disc is one of the most aggressive diamond patterns Available in 5/8-11 thread coarse grit. It can be used on a Stonechat, on a hand grinder or on the EDCO walk behind edge grinder.

5" dia. 10 segment Part # **2C00428**

# Diamonds

for concrete polishing or glue removing

Prt#2a82030 & 2a82031

GIMLET grit size 16

6 GIMLET diamonds are mounted on an aluminum block & used on the **Stonechat** to do the following:

1. Removing carpet or tile glue from concrete surfaces.
2. Roughen concrete & prepare it for epoxy coating.
3. Use it to flatten the concrete.

May be used *wet or dry*. This is the most aggressive diamond we have. It leaves a heavy scratch pattern on the floor. Life expectancy about 10,000 sqft

Gimlet 16 grit Part # 2A82031 mounts on aluminum plate

## DRI

5" diameter - Diamonds for hand grinder/polisher. These are the **most flexible** diamond and are able to handle complex curves. Female hook and loop backing.

For dry grinding **Marble, Granite**

DRI 5"dia	50 grit	Part # <b>2C00161</b>
DRI 5"dia	100 grit	Part # <b>2C00162</b>
DRI 5"dia	200 grit	Part # <b>2C00163</b>
DRI 5"dia	400 grit	Part # <b>2C00164</b>
DRI 5"dia	800 grit	Part # <b>2C00165</b>
DRI 5"dia	1500 grit	Part # <b>2C00166</b>
DRI 5"dia	3000 grit	Part # <b>2C00167</b>
DRI 5"dia	Buff White	Part # <b>2C00168</b>
DRI 5"dia	Buff Black	Part # <b>2C00169</b>

## FLEX C

5" diameter - Ideal for edge polishing and **concrete** countertops

Works wet and dry  
Female hook & loop backing

Flex C 5"dia	30 grit	Part # <b>2C00170</b>
Flex C 5"dia	50 grit	Part # <b>2C00171</b>
Flex C 5"dia	100 grit	Part # <b>2C00172</b>

# Diamonds

for Marble, Terrazzo, Travertine and Granite

Female Velcro backing

## Tulip *metal*

is a time honored diamond disc. Its beveled edge is suitable to remove lipage. Use it wet. The finish is a reasonably smooth pattern. Follow with **Rosex hybrid**.

Life expectancy: 10,000 – 13,000 sq ft.

Tulip 3”dia. 30 grit Part # **2C00216**

Tulip 3”dia. 70 grit Part # **2C00217**

Tulip 4”dia. 30 grit Part # **2C00219**

Tulip 4”dia. 70 grit Part # **2C00220**

Female Velcro backing

## Rosex *hybrid*

When finished with the Tulip metal, continue with **Rosex hybrid**. This aggressive diamond disc does not leave the agonizing deep scratches that other discs leave behind.

Life expectancy: 3,000 sq ft

Rosex hybrid 3”dia. 30 grit Part # **2C00265**

Rosex hybrid 3”dia. 50 grit Part # **2C00266**

Rosex hybrid 3”dia. 100 grit Part # **2C00267**

Rosex hybrid 3”dia. 200 grit Part # **2C00268**

Rosex hybrid 4”dia. 30 grit Part # **2C00269**

Rosex hybrid 4”dia. 50 grit Part # **2C00270**

Rosex hybrid 4”dia. 100 grit Part # **2C00271**

Rosex hybrid 4”dia. 200 grit Part # **2C00272**

# Diamonds

for Marble, Travertine & Terrazzo

Female Velcro backing

## Rosex resin

After the **Rosex hybrid** continue with these resin discs. They have a unique water channel design. Use them wet. The beveled edge easily rides over lippage.

5mm thick.

Marble, Terrazzo

- Rosex 3"dia. 50 grit Part # **2C00275**
- Rosex 3"dia. 120 grit Part # **2C00276**
- Rosex 3"dia. 220 grit Part # **2C00277**
- Rosex 3"dia. 400 grit Part # **2C00278**
- Rosex 3"dia. 800 grit Part # **2C00280**
- Rosex 3"dia. 1800 grit Part # **2C00281**

Part # **2A81119**

# ASTRO Diamond Impregnated Floor Pads

For use on swing machines, auto-scrubbers and/or on burnishers.

Best to use them on a moist floor but may be used dry. Pads range in grit from 400 to 6000. The diameter range is from 5" to 27" inches.

Made in Canada 

# Mohs Hardness Tester

Determine the hardness of the surface and determine the type of stone.

The scale was created in 1812 by the German mineralogist Friedrich Mohs

The tester consists of 8 different scratchers.

One of them with plastic point numbered 2

One of them has copper point numbered 3

The rest consist of variously hardened steel numbered from 4 to 9

Muriatic Acid is included.

Part # **2C01000**

Note: when the tips get dull, just bring them to us & we will re-sharpen them at no charge.

Made in USA

# Hard Edge Separator

Use the EDGE SEPARATOR when working on a hard surface floor to protect the adjacent carpet. The SEPARATOR is made of heavy gage galvanized steel.

Use a separator on the carpet adjacent to **marble, granite, wood, concrete, terrazzo or ceramic tiles.**

Made in Canada

**3ft long Part # 2A80326**  
**4ft long Part # 2A80327**

# Floor & Carpet Protector

**Protectors** are excellent time savers. Only one side of the sheet is tacky. Once it is put down, it stays put for 60 days. When the job is finished, just pick it up & discard it.

**2ft wide** x 200ft long FLOOR (blue) Part # **2A80330** CARPET (clear) Part # **2A80331**

**3ft wide** x 200ft long FLOOR (blue) Part # **2A80332** CARPET (clear) Part # **2A80334**

The clear material is for carpet, the blue is for marble, granite, terrazzo or wood.

(DO NOT use the clear plastic on marble, granite, terrazzo or wood)

Although the blue back plate (seen on the right) is the best in the industry, the GRIPPER is a good addition. The GRIPPER holds a pad more securely than the back plate. If the Gripper is not used, the constantly slipping pad will eventually ruin the blue back plate.

# Chemicals for Stair Cleaning

Splash Guard

Position steel bar above the brush or pad. The handle must be on the left side of the machine.

**Tile Restore**  
Part # 8A10069  
is more abrasive than **Tile Cleaner**  
Part # 8A10088  
For good results, combine these chemicals with various pads or brushes.

Marble polishing compound is a very fine powder and is the least aggressive of these three chemicals

Part # 8A10050

# Gripper & Back Plates

The **Gripper holder** has Velcro on one side and a coarse gripping surface on the other.

Holds Astro pads, Black pads or steel-wool pads more securely than any Velcro surface.

# Glue-Off

- When the time comes to **remove the left over glue** that the entrance mat leaves behind, this Glue-Off is ideal for the job.
- Mop Glue-Off onto the glue, leave it for five minutes and scrape it off. Rinse the floor a couple times and the job is done.

4 liter Part # **8A01354**

Made in Canada

# TroubleGone

## *Baseboard Cleaner*

- TroubleGone is a water based viscous liquid which **stays on vertical surfaces**. Apply liberally to baseboard using a long handled brush, thereby avoiding problems encountered in hospitals & schools where spraying is prohibited.
- It is an excellent and fast method.
- Eliminates over-spray as there is nothing being sprayed.

Made in Canada

# Marble Polishing Paste

## PC-Paste

10 lb Part # 2C01250  
25 lb Part # 2C01251

**PC-Paste** is our **premier** water soluble Marble Polishing Paste. It has proven itself time and time again. The result is either stunning or magnificent. While the best finish can be achieved after 3500 grit, it will give the floor a nice shine when used after 800 grit. It is very economical. Available in 10lb and 25lb containers.

**PC-Paste** is ready to use. Using a putty knife spread the paste onto a white floor pad. Use a 180rpm machine with (1) 40lb horseshoe weight. Add water when applying. When finished, vacuum the floor and rinse well.

Then use a new dry white pad & buff the haze from the floor. If haze persists, fill up a spray bottle with water and add a tablespoon of **“Tile & Stone Cleaner”** to it. Give a light squirt to the stubborn haze and buff it dry. When finished, repeat buffing using a DRY White pad.

# Epoxy Patch Kit

## in 12 Different Colours

This (1) liter Kit is a great fix for broken, cracked and chipped tiles.  
This (3) part Epoxy Repair Kit (2 parts epoxy and 1 part filler) is mixed on site.  
Mix the 2 part epoxy and then add filler to obtain the desired consistency. Apply with a putty knife. It cures in 1 day.

This is a great money maker.

# Marble & Granite Polishing Powders

## StoneLinc PC

**StoneLincPC** water soluble powder is a great marble polisher. It has proven itself time and time again. The result is either stunning or magnificent. While the best finish can be achieved after 3500 grit, it will give the floor a nice shine when used after 800 grit. It is very economical.

Available in 2.5 and 10kg containers.

Mix **StoneLincPC** with water in a small container to toothpaste or baby food consistency. Using a putty knife spread the paste onto a white floor pad. Use a 180rpm machine with (1) 40lb horseshoe weight. Add water when applying. When finished, vacuum the floor and rinse well.

Then use a new dry white pad & buff the haze from the floor. If haze persists, fill a spray bottle with water and add a tablespoon of **Tile & Stone Cleaner**. Give a light squirt to the stubborn haze and buff it dry. When finished, repeat buffing using a DRY White pad.

2.5 kg Part # 8A10051

10 kg Part # 8A10050

## Granite Brite.

This is an excellent powder to create a brilliantly shiny marble surface. It contains no wax only high quality abrasive powder. Use it with a floor machine or a hand polisher. Application is similar to StoneLinc marble polisher.

Container sizes: 1lb,- 5lb,- 40lb  
1lb will cover about 160 sqft.

1lb Part # 8A10500

# Sealers for Marble, Terrazzo

**511 Impregnator** – The Original Impregnator (solvent base)

Quart Part # **8A10081** Quart Case (6x1qt) Part # **8A10181**

Gallon Part # **8A10082** Gallon Case (4x1) gal **8A10182**

Original **penetrating sealer** designed to protect stone surfaces. It forms an invisible barrier that resists moisture and stains while allowing vapour to escape. It is not a surface coating and will not alter the natural look of the stone. Make the surface less slippery. for Grout • Porcelain or Ceramic Tile • Concrete • Quartz • Quarry Tile • Granite • Brick • Travertine • Polished Marble • Stucco • Agglomerate • Terrazzo • Slate

**511 H2O Plus** Water Based Impregnating Sealer.

Quart Part # **8A10083** Quart Case (6x1qt) Part # **8A10183**

Gallon Part # **8A10084** Gallon Case (4x1) Part # **8A10184**

Water base penetrating sealer similar to the 511 without odour.

**511 Porous Plus** The **best performing Sealer** and stain protector.

Quart Part # **8A10080** Quart Case (6x1qt) Part # **8A10180**

Gallon Part # **8A10090** Gallon Case (4x1) Part # **8A10190**

511 is designed for protecting porous surface – such as concrete, terra cotta, Saltillo tiles, slate, limestone, sandstone, as well as less porous surface marble, terrazzo. All surfaces will harden and become less slippery.

■ **SPECIAL FEATURES:** • Superior stain protector. Interior & exterior use. Safe for food areas. • U.V. Transparent • Non-Yellowing • **Salt Water Resistant** • Freeze-Thaw Resistant • Acid, oil resistant

■ To apply use pump-up sprayer and a flat mop. It is a two person job.

Coverage/sq.ft  
avg

Sanded grout	1000
Quarry tile	1500
Ceramic tile	2500
Pocelain tile	4000
Granite	3500
Marble, travertine	2500

For best results keep area dry for 3 days.

# 511 Sealer & Color Enhancer

**One-Step Solvent Base Sealer & Enhancer** for:  
 Granite • Limestone • Marble • Ceramic Tile • Polished Stone  
 Not for Concrete or Masonry

Coverage: Approx. 250 - 4,000 sq.feet per gallon  
 Container sizes: quart

Quart Part # **8A10093**  
 Quart Case (6 x 1qrt) Part # **8A10193**

Gallon Part # **8A10094**  
 Gallon Case (4 x 1gal) Part # **8A10194**

511 Seal & Enhance is a unique, solvent-base formula designed to eliminate the need to use an impregnator before using a color enhancer. It is safe for use on granite, marble, limestone, natural stone, slate, ceramic tile, quarry tile, grout, concrete and masonry surfaces. It will enhance the color and rejuvenate the appearance of stone and tile surfaces. Can be used in interior and exterior environments and is freeze/thaw resistant

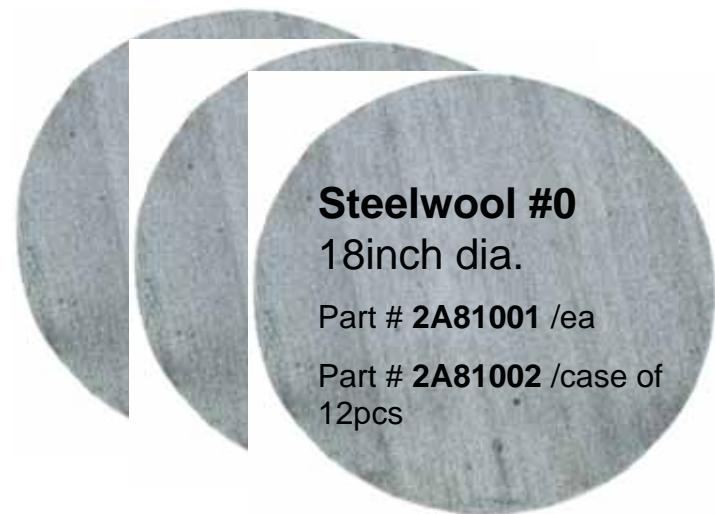

Made in USA 

# Crystallizer

This superb liquid makes marble floors look shinier and harder. Apply from a spray bottle. Add (1) 40lb horseshoe weight on the floor machine and use a steel wool pad under it. Then squirt a very small amount on the floor, spread it with the machine and buff until it becomes dry. Repeat process freely.

Gallon Part # **8A10096**  
 Gallon Case (4 x 1gal) Part # **8A10196**

# Cleaners

## Liquid Poultice A & B

This poultice is biodegradable, environmentally safe, designed for deep cleaning all porous stone material including grout. It penetrates deep into the grime. Liquid Poultice is very effective for cleaning organic materials like coffee and tea. Use Interior & Exterior on

- Granite
- Sandstone
- Brick & masonry
- Clay pavers
- Marble
- Limestone
- Grout
- Ceramic tile

1 gallon of each of A & B  
Part # **8A10077**

Coverage about 1000 sqft

## Heavy-Duty Acidic Cleaner

This is a fast acting heavy duty acid cleaner for textured, non-polished, natural & manufactured stones. It removes sanded grout and mortar residue, joint cement, lime and hard water deposits, efflorescence, rust and other heavy dirt and grime. Heavy duty cleaning for surfaces including:

- Granite
- Concrete
- Sandstone
- Flagstone
- Masonry
- Quarry tile
- Porcelain tile
- Slate
- Brick
- Ceramic tile
- Grout

Coverage:  
1,000 – 2,000 sq ft / gallon

Gallon Part # **8A10101**  
Gallon Case (4 x 1gal)  
Part # **8A10201**

# Cleaners

## Tile & Stone Cleaner (Ex-Mira Clean #1)

**For daily Cleaning**  
Regular non-acid cleaner for:

- Marble • Ceramic Tile • Granite • Quarry Tile • Terrazzo • Limestone • Grout • Sink • Bath tube • Formica

Tile & Stone Cleaner is a highly concentrated product. It is a nontoxic gentle cleaner for the most difficult jobs. For interior & exterior use.

Highly **Concentrated**.  
Dilute: add 1.5 oz to 1 Gal water or 25ml to 1 liter of water

- Quart Part # **8A10085**
- Quart Case (6 x 1qrt ) Part # **8A10185**
- Gallon Part # **8A10086**
- Gallon Case (4 x 1gal) Part # **8A10186**

## Porcelain & Ceramic Tile Cleaner

Use it on • Ceramic, Porcelain, Mosaic Tiles • Plastic sink • Stainless steel sink • Wash basin • Bathtub • Shower wall • Toilet bowl • Formica surface

It is a unique scouring compound that quickly **removes stubborn stains, grease, soap scum and everyday grime**. It can be used by hand or with a floor machine and will also clean grout. It will remove hard water deposits, soap scum on stone showers.

**SPECIAL FEATURES:** • It has a clinging action • Very easy to Use • It has No Harsh Chemicals

BLACK Case (3 x 1lb) Part # **8A10160**

GREY 1lb Part # **8A10066**

GREY Case (3 x 1lb) Part # **8A10166**

WHITE 1lb Part # **8A10063**

WHITE Case (3 x 1lb) Part # **8A10163**

## Poultice

## Poultice Powder

Is a non-acidic absorbent powder which can be mixed with water, turpentine, isopropyl alcohol, methyl alcohol and various domestic cleaning liquids to draw out most stains from stones. (Liquid used depends on type of stain and floor.)

1. Mix the powder with one of the above mentioned liquids and trowel a layer ½" thick over the stain.
3. Cover it with plastic sheet & seal with masking tape all around the edges.
4. Leave for two or three days.
5. Remove and clean the surface with water.

1lb Part # **8A10078**

Case (3 x 1lb) Part # **8A10178**

# Various Chemicals

## Anti-Slip 511

**511 Anti-Slip Formula** is a penetrating sealer designed for the anti-slip protection of all tile and stone surfaces. 511 Anti-Slip Formula is not a surface coating and will not alter the natural look. All surfaces treated will become less slippery.

May be used interior or exterior. It is weather resistant and food safe. Depending on the surface, it will cover 200 to 700 sq ft.

Quart Part # **8A10103**

Quart Case (6 x 1qrt ) Part # **8A10203**

## Disinfectant Cleaner

### TS & G

**Viruscide:** Avian influenza, H9N2 influenza (Japan 305/57 Asian strain, Cytomegalovirus, Corona virus, Polio Type 1 virus, Vaccinia, Canine parvo virus, Herpes simplex type 1/F and 2/G (oral, Ocular and tenital) HV-1 (AIDS virus)

**Bactericide:** Staphylococcus aureus, Salmonella enterica, Pseudomonas aeruginosa. Methicillin Resistant Staphylococcus aureus, (MRSA) Vancomycin resistant Enterococcus faecium (VRE)E. coli, Streptococcus progenes, Streptococcus salivarius, Mycobacterium tuberculosis

**Fungicide:** Chaetomium globosum, Aspergillus Niger, Penicillum variable, Trichpyton mentagro-Phytes (Athlete's Foot fungus.)

32 oz Part # **8A10105**

Case (6 x 32oz) Part # **8A10205**

**Cleans & disinfects:** Ceramic tile, all natural stones & porcelain tile and sink.

## Residue Remover

**Residue Remover** is a unique solvent based fast acting formula. It will remove accumulated residue left on the surface from over applied penetrating sealer or impregnator. This product is good for cleaning tools for reuse, such as pump-up sprayers.

Coverage:

approximately 1,000 sqft / gallon

Gallon Part # **8A10073**

Gallon Case (4 x 1gal) Part # **8A10173**

# Customer Protection Warranty

Centaur warrants all new product to be free from defects in materials and workmanship under normal use in the following manner. The warranty begins when the machine is purchased by the end user. The warranty shall not apply to or cover wear and tear, mechanical alteration, neglect, loss of parts or abuse. Manufacturer obligation under this warranty being limited to repair or replace parts without charge at our factory or at authorized service depot. The customer is obligated to return the machine freight prepaid and accept collect freight charges when the machine is returned. Centaur will not be liable for any other damages, including, but not limited to, indirect or consequential damages arising from performance or inability to use the machine.

## **Floor Machines - Rabbit-2, Rabbit-3, Swift, Rabbit-6, Woodpecker, Stonechat, Rabbit-8, Rocky.**

1. One (1) year warranty for parts and labour (bumper to bumper) Cable warranty voided when cable is incorrectly wrapped.
2. Two (2) years warranty for motor and gearbox. Except motor armature, its coupler to the gearbox & gearbox pinion gear which are covered for one year.
3. Ten (10) years warranty for motor base & shroud, splash guard, switch box shell against cracks.

## **Vacuum cleaners - SL-series, Falcon-series, Silento.**

1. One (1) year warranty for parts and labour.
2. Ten (10) years warranty for vacuum tanks & motor housing against cracks.

## **Repair warranty**

1. Parts replaced under warranty are dated back to purchase date.
2. New motors warranted for one year.
3. Other parts and labour warranted for 30 days.

## **GARANTIE**

Centaur garantit que tous ses produits neufs sont exempts de défauts de matériel et de main-d'œuvre dans des conditions normales d'utilisation et selon les modalités décrites ci-après. La garantie entre en vigueur à la date d'achat de la machine par son utilisateur final. La couverture de la garantie ne s'applique pas aux dommages causés par l'usure, la détérioration mécanique, la négligence, la perte de pièces ou un usage abusif. La garantie du fabricant est limitée à la réparation ou au remplacement des pièces défectueuses, sans frais, à l'usine du fabricant ou dans un atelier de réparation autorisé. Le client doit expédier la machine en payant d'avance le prix du transport et il doit acquitter les frais de transport lorsque la machine lui est retournée. Centaur ne sera responsable d'aucuns autres dommages, y compris, mais non de façon limitative, les dommages indirects ou consécutifs liés à l'utilisation de la machine ou à une incapacité à l'utiliser.

## **Machines à nettoyer les planchers - Rabbit-2, Rabbit-3, Swift, Rabbit-6, Woodpecker, Stonechat, Rabbit-8, Rocky.**

1. Garantie d'un an sur les pièces et la main-d'œuvre (pare-chocs à pare-chocs). La garantie sur le câble a également une durée d'un an, sauf si le câble est tordu parce qu'il n'a pas été enroulé correctement. Voir le guide d'utilisation pour savoir comment enrouler le câble.
2. Garantie de deux ans sur le moteur et la boîte de vitesses, à l'exception de l'induit du moteur, de son dispositif d'accouplement à la boîte de vitesses et du pignon de la boîte de vitesses qui sont couverts par une garantie d'un an.
3. Garantie de dix ans contre la fissuration de la base et de l'enveloppe de protection du moteur, du pare-éclaboussures et du boîtier de l'interrupteur installé sur le manche.

## **Aspirateurs – modèles SL, modèles Falcon, et Silento**

1. Garantie d'un (1) ans pour les pièces et la main-d'oeuvre.
2. Garantie de dix (10) ans contre les fissures ou brisures de la citerne a dépression et coquille de moteur.

## **GARANTIE associée aux réparations**

1. Les pièces remplacées en vertu de la garantie portent la date d'achat de la machine.
2. Les nouveaux moteurs achetés sont garantis un an.
3. Les autres pièces et la main-d'œuvre sont garanties 30 jours.

Learn How to Restore and Polish **Terrazzo, Marble & Granite Floors**

# One Day Hands-on Training seminar

## Who comes to these seminars -

- Jan-San Dealers** to gain knowledge and serve their customers
- Carpet Cleaners & Janitors** who wish to obtain more work from their existing customers
- Hospital Maintenance Crew** to know what to do with the stone floors and cove baseboards
- School Custodians** to gain knowledge how to maintain terrazzo floors and cove baseboard
- Home Owners** who wish to maintain their own marble, travertine floors or stone counter tops
- Hardware Store Managers** to gain knowledge as to which products to suggest to their customer

## Contact us for the Dates

The (1) day course is held in our factory at 103 Denison St. Markham, ON, Canada (This is our 10<sup>th</sup> teaching year)  
The seminar consists of 3 hours in classroom and continues with hands-on training. Be prepared to “get dirty” ☺  
You’ ll have the opportunity to work with machines, diamonds and ASTRO pads - a true hands-on experience that will give you a feel for the business of restoring and polishing .

During this powerful training seminar you will LEARN practical skills :

- Identify the marble, granite, travertine, limestone and terrazzo (during the morning theory session)
  - Restore worn, scratched dull floors (during the afternoon hands-on training)
  - Maintain these floors with hard diamonds & with the new Astro pads
  - Enhance stone’ s colour and seal the surface
  - Restore marble counter top and vanity top
  - Types of diamonds to use and in what sequence to achieve your goal
  - **To save money** maintaining terrazzo floors using the new technology - **the Astro pads**
  - To clean square and how to clean and hone curved terrazzo floor baseboards with the Scrub Jay
- Take away: a comprehensive manual and Certificate as a “Marble, Terrazzo Restorer”

Training will start at 8:30 am **sharp** and finish around 5:00 pm Free lunch will be provided

Bring your camera with you.

Maximum number of participant is 9 people. The cost of the seminar is **\$500** per person. (plus taxes).

### Note:

Reserve your seat with a \$100.00 deposit. You may cancel and have your money refund or deferred, if you do it no less than 10 business days before seminar date. We accept cash, cheques or credit cards.

Near by hotels:
