Heavy Duty Quarry Tile Renovator and Grout Cleaner

FLOOR BITE RML is a concentrated acidic cleaner for deep cleaning grout and tile of potentially slippery soils like grease, oil and soap scum. Renovates floors back to their original porous condition.

Use on quarry tile, concrete, glazed tile, resilient tile and vinyl flooring that does not come clean from the use of conventional general purpose floor cleaners (such as flooring in kitchens, showers, pool decks, etc.).

FEATURES

- Concentrated
- Mild acid based cleaner
- Versatile
- Deep cleaning ability
- Multiple Application Methods
- Kosher Certified

ADVANTAGES

Dilute with water for regular every day use. Safer than conventional acid cleaners – cleans what normal general purpose cleaners can't.

Renovates slippery floors but also cleans showers, lime deposits and washroom fixtures.

Penetrates deep into floor pores to remove impacted soils. Removes greases and oils that seep out of pores making a floor slippery.

Can be used in bucket and brush, mop and bucket, or through a foam applicator.

BENEFITS

- Cost Saving.
- Safe, but works on the toughest jobs.
- Reduces inventory, saves money.
- Greater satisfaction in the cleaning.
- Safe floors to walk on.
- Reduces liability.
- Greater efficiency.

DIRECTIONS

For regular cleaning dilute one part **FLOOR BITE RML** with 32 parts water. Apply solution to floor or foam onto walls and allow 5 minutes dwell time, while keeping surface wet with solution. Scrub the area with a stiff brush, focusing on grout lines. Rinse thoroughly and squeegee dry.

For heavily soiled areas apply **FLOOR BITE RML** concentrated to wet surface and then follow the above steps.

PROPERTIES:

Appearance.....Light amber liquid
 Odour.....Mild
