

KNIGHTS LANDING SPORTSMEN CLUB
P. O. BOX 5
WOODLAND, CA 95695

July 10, 2022

Dear Member of the Knights Landing Sportsmen's Club,

As we're sure you are, we are excited for this year's pheasant season. Enclosed with this letter, you will find an associate membership application and KLSC Rules of Conduct. Please return the application and payment to P.O. Box 5, Woodland, CA 95695, and keep the Rules of Conduct for your reference. We plan to plant 2,000 birds this year, the same as last year.

Unfortunately, we have lost some land in the River Garden Farms area of the club due to the sale of River Garden Farms. We are working with the new ownership to maintain our ability to hunt on as much of the River Garden Farms property as possible. We are also working with farmers in the Sutter Basin to try to obtain permission to hunt new fields in that area. Maps included in the back tag packets will reflect any changes to hunting areas as best as we know them when we print the maps.

Due to increasing expenses, we have had to raise the cost of associate memberships. The 2022 membership costs are as follows:

Membership Type	2022 Cost
Associate Membership	\$300
Spouse Membership	\$75
Junior Membership (17 years old and younger)	\$75
One-Day Hunt	\$100
Two-Day Hunt	\$200

We will continue to offer the discount for active-duty military, law enforcement, and fire personnel. Proof of eligibility for the discount is required with your membership form. If you are uncomfortable providing a copy of documents, feel free to contact us and we'll arrange a way to confirm eligibility confirmation in person. The discount applies only to associate memberships, not to spouse, junior, or day memberships.

We will be using the same bird vendor that we used for the last two years. We understand that the pheasants from the new supplier acted differently from the previous supplier's birds. Feedback we've received is to slow down and take your time, particularly if your dogs act birdy.

As always, please remember that we do not own land and we hunt due to the generosity of farmers,

We are looking forward to a successful year in 2022. Feel free to contact us at the phone number above, on Facebook, or by email at knightslandingsportsmensclub@gmail.com. Remember to check out our webpage (www.klscpheasants.com) and Facebook page for updated Club information. Join us at our monthly meetings the first Tuesday of the month except June, July, and August.

Thank you,

Mike Wademan

President, Knights Landing Sportsmen's Club
