

## **SCHOOL CLUBS & EXTRA-CURRICULAR ACTIVITIES**

My name's Chuck and I'm a student at Jefferson High, upstate New York. I'm a Junior.

I love going to school, because here, in the States, going to school is not only about studying and attending classes ; there are so many activities you can do.

As I'm fond of music, I joined the Guitar Heroes, where I learn how to play the guitar ; I go there twice a week and Mr Craig, the Club supervisor is super cool and he's a hell of a guitar player !

My mom asked me to join the Cooking Club... I can't say that was my first choice, but to be honest, it's really fun, and I learn lots of cooking tips. Plus, this club comes with great perks since you can eat what you make !

And last but not least, I am on the Basketball team, I play center and I am a whole different person on the court, don't come near me ! Practice is twice a week, but my friends and I play every day !
