

CE Marking / BS EN 14351 - 1:2006

A British Plastics Federation and Eurocell plc joint statement

In relation to the mandated requirements of BS EN 14351-1 for dangerous substances Eurocell PLC makes the following declaration:

'We declare that the PVC profile provided by our company to your operation is safe in use and that there are no potential emissions of dangerous substances to the internal atmosphere of a building. PVC profile is inert and all ingredients are locked into the polymer matrix.'
