

SUGGESTED PACKING LIST

CONSIDERATIONS

- Pack LIGHT! One 21-22" wheeled bag and a backpack/tote should be sufficient. Consider a rolling duffel or hard side rolling bag with 4 wheels.
- Take an extra foldable tote that will fit over your luggage handle to use for dirty laundry or souvenirs.
- You will have to personally carry everything you bring through the airports but others will help as needed.
- All clothing should be comfortable, breathable, travel friendly, and useful in warm weather.
- Hotels can do laundry for you at a reasonable cost.
- Most hotels (not the last one in Egypt) will have blow dryers.
- Put a copy of your itinerary with your contact info in each bag. Give someone else a copy of your passport.
- We will likely check our main bag under the plane (50 lb max) and carry on the backpack/tote (17 lbs max + a 2nd item if needed (8 lb max). Check your airline for weight limits.
- All liquids and aerosols must fit in ONE sealed quart size bag or TSA approved equivalent.
