

Pay For Your Childcare With **HiMama**

With HiMama, you can pay invoices online using a credit card. You can save your payment method, and then the center will automatically collect payment from you when it's due. It's easy and convenient.

How it Works

Your center will generate invoices for your child or children, and these invoices will be viewable in your HiMama mobile app or web browser. Once the invoice is due, you can pay it yourself or turn on auto pay to allow your center to automatically withdraw those funds from the credit card you've provided.

Why Paying Online Helps

Keeping track of bills can be a headache. Simplify things by saving your payment details in HiMama, so that now you can set it and go. Sound good? Sign in and follow these steps:

Select invoices from the top navigation

\$ Invoices

If this is your first time, select the "Setup Auto Pay" button

Setup Auto Pay

OR

Select the settings button on the right and click "Edit Payment Method"

Edit Payment Method

Once you've added your details, you will then be charged for **future** invoices.

FAQ
