

Fireside Fellowship:

The Will of God:

1. We are not always joyful and thankful people. What takes away our joy and our gratitude? How do we get it back?
2. What can we do to develop a lifestyle of prayer?
3. What are some actions that we take that quench the fire of the Holy Spirit in us?
4. What prevents us from listening to the voice of God?
5. Sometimes we hold on to what is evil rather than rejecting it. What justifications do we tell ourselves for doing this?
