58	Jeromes Enigma	Larrissa Booth	Larrissa Booth

SJ6. Top Score max. height 100cm

## Excuse me, I need you to Concentrate.

"Whatever the nutritional potential of a food, its contribution is non-existent if it does not pass the test of absorption...."

*Blue Chip*

**Blue Chip Feed balancers are a specialist feed product here are some key points:-**

- Being nutrient dense means doubling fibre digestibility and promoting nutrient uptake whilst adding essential nutrients to the diet...
  - Feeding this quality product alleviates the need for additional supplementation and in many instances, grain based hard feeds ... keeping feed time simple ...
  - Feed balancers are far more than just a multi vitamin and mineral supplement ....
  - Have formulated separate balancers to tailor to the differing metabolic and general health requirements for different horses rather than adopting a 'one balancer suits all' approach ....
  - The product range will also contain specific supplements eg for hoof, respiratory and temperament, and the most important defining criteria will be the functional ingredients ...
  - Uses functional ingredients such as Probiotics, Prebiotics and Nucleotides ...
  - Feeding these quality balancers gives your horse the highest quality nutrients in the most functional form for maximum benefit for long term gains, not for the short term.
- Blue Chip Feed Balancer are whole cereal free, molasses free, super low in starch and sugar to ensure digestive health

For more information or to place an order contact  
Suzie Adams on 0409 494 176 or

Blue Chip Feed Brisbane

*Blue Chip*

BRISBANE

Unique and innovative highest quality premium feed balancers and liquid supplements providing optimal health and wellbeing for all horses and ponies.

### INTRODUCING THE HAYM8

NEW to Australia ....  
Magloc HayM8 – innovative Hay Net Connector –

WOW ... a new unique device creating a single-handed connection and release unit for connecting a hay net to a wall ring.  
So simple and no more tie ups and knots....  
Watch the Video on my facebook page...  
it's an amazing product that any horse owner will appreciate!!

RRP \$34.95 plus postage but...

Buy 2 or more and get FREE shipping...

Why not get together with friends and reduce your costs ...

Buy 6 and get one free!!

Check out my facebook page "Blue Chip Feed Brisbane"  
to watch Videos demonstrating how this amazing connector works ...  
You will also see I have available to purchase the Magloc K9 Dog Lead Connector.

Running Cool Extruded Horse Feeds is a Qld family owned and operated company that has been around for over 60 years.

We are a name synonymous with superior premium quality stock feeds and grassroots customer service. In this time, our customers have come to trust and depend upon the superior quality that we've become famous for.

Founded in the early 1950s in Allora, Queensland, our business is a thriving third generation family company with a big heart and a strong vision. In all our years of operation, we have always strived to make a genuine difference within local communities throughout Australia

Our product range covers all equine disciplines from the weekend trail rider to the elite riders who horses are competing at national level.

All products are manufactured in a dedicated horse feed mill using the extrusion process, which is the highest level of feed manufacturing available which helps the horse to gain the maximum level of digestibility of nutrients and vitamins and also minimise digestive dysfunction. Check out our website, [www.runningcool.com.au](http://www.runningcool.com.au) for detailed information on the benefits of extrusion along with information on all our products.

We have produced all our feeds with a unique shaped nugget that makes the horse chew and create saliva which has a profound effect on the digestibility of the feed as well as other benefits. We use the same shape and texture throughout all our feeds allowing you to interchange between them with no adverse effect.

Running Cool is a proud Queensland company supporting all Queensland Equestrian Events from grass roots to the elite level and prides itself on helping the everyday competitor reach their potential whether it's for enjoyment or competition.

If you require any further information on the Running Cool products please visit our web site [www.runningcool.com.au](http://www.runningcool.com.au) or call our Sales Manager. Peter McKay on 0449 083 410

# NEW PRODUCT RELEASE

## Dr Show Tail Rake

After performing 1000's of tail preparation demonstrations we have developed the perfect tail brush/detangler com bo which is suitable for tails, manes and long haired coats. These long well spaced heavy duty teeth remove the knots with ease and reduce hair loss. When used with our market leading detangler & shine your horses tail will be lustrous, full, shiny & knot free.

1 x Dr Show Tail Rake  
1 x Dr Show Baseball Cap  
1 x FREE Freight  
\$42.95 value  
**Only \$29.95**

## SUNDAY PROGRAM

**Dressage** - (DRAW will be finalised after entries close and posted before the show date). Riders are to ride at allocated time. Draw will be set out that there will be time for change of gear if entered in Western and English Dressage tests. There will be two judges and arenas running. D1 and D2 will be run according to WDAA rules. Horses entering Western Dressage are still eligible to enter 2 tests in EA dressage. Can be ridden in Western or Aust Stockhorse Attire. D3 to D6 will be run according to Equestrian Australia rules. Max 2 classes per horse over 2 consecutive levels.

### D1. Western Dressage - Intro Level Test 3

**Breeding for the Future of the Breed**

**WATERMARK THE PHANTOM**  
"TEDDY"

Winner of Champion of Champions – "Best in Show"  
Multi Supreme Champion Winning Stallion –  
Gypsy Cob, Heavy Horse, and Pinto

Teddy is a large traditional type cob; and pure quality. Being well muscled with plenty of bone and a presence that commands people look at him, he attracts a crowd everywhere he goes. As a 6 year old he is truly magnificent, with his conformation and movement his is winning broad ribbons under saddle. His work ethic is as honest and willing as his temperament is sweet. His progeny, both pure and partbreds are following in his footsteps, blessed with his sweet nature, presence and conformation, they too are winning broad ribbons. Thus far, he has competed and placed under saddle in low level dressage, ridden classes and in long-reining/driven class.

DNA Parent Verified and colour tested  
Tobiano: nT. Red -Black Factor: EE  
Height: 15.1hh  
Registrations: APSB, QPHA (Qld Pinto)  
AGHS (Gypsy Cob Stallion and Foundation Drum Sire),

Stud Fee: \$1,500 to approved mares only.  
Available AI – Frozen  
Teddy suits the large traditional cob enthusiasts or as a foundation sire for drum breeding.

## Bring out the Best in Your Horse with Clicker Training!

Click With Horses

Georgia Bruce Equine Clicker Training

[www.ClickerTraining.org](http://www.ClickerTraining.org)

Ph: 0740930338 email:clickertraining@gmail.com

Like our Facebook Page: Click With Horses

### What is Clicker Training?

Clicker Training is a reward based method of training animals that incorporates the use of a marker signal to highlight a specific moment of behaviour. The trainer highlights a behaviour with a "click" sound and then rewards the animal with positive reinforcement such as a food. Animals quickly learn to repeat any behaviour that is marked by the "click" sound because they know it will be rewarded with food. It is then possible to gradually shape and modify a horse's behaviour by raising the criteria of behaviour required to earn a click and treat.

A small handheld device known as a clicker is used to make the "click" sound as the marker signal. This is where the term clicker training came from.

Clicker training is a safe and effective way to solve behaviour problems like spooking, shying, bucking, rearing, bolting, biting, kicking, striking, head shy, float loading, handling feet, clipping, hosing, hard to catch, strong/heavy in the bridle, lacking self carriage, lazy under saddle, kicks out at the riders leg, difficult to flex or bend. Approaching different obstacles, jumping, leading, riding, lateral work etc. Clicker training is an easy way for riders of all levels and experience to safely and effectively train or retrain your own horse.

Clicker training is based on positive reinforcement and the science of how animals learn. It is used in zoo's and marine parks around the world because it has proven to be the most gentle and effective training method for all animals. Clicker Training works with all animals including horses.

It is used by professional horse trainers right through to olympic competitors such as Stephan Peters. Clicker Training is easy to use and understand. It is suitable for horses and people of all ages. Clicker Training fits in with your current training program, it enhances the results you get by improving the horse's motivation and willingness to perform. Clicker training fits in with all other horse training systems, natural horsemanship, dressage, western, etc. Clicker training allows you to bring out the best in your horse.

Most horse training systems are based on negative reinforcement (pressure and release). Clicker Training uses positive reinforcement, highlighting and rewarding good behaviour. With the addition of a marker signal and positive reinforcement it adds another layer of clarity to all training systems and rapidly improves any horses willingness and motivation.

### Clicker training and the show ring?

The clicker is not a cue. It doesn't tell the animal to "do" something. Instead it lets the animal know when it has done something good that has earned it a reward. The clicker is a training tool. You can use it to train a new behaviour or improve an existing response. Once a behaviour is established and reliable, the clicker and reward are phased out. Before you go to a competition or show you should have already taught your horse all the things it will need to know for that type of event. This is why you won't be using the clicker when you go into a competition arena. You cannot use a whip in a Grand Prix dressage test at an international event, but many people use a whip as a training tool to improve the horses motivation and speed of response. The clicker is also a training tool, it is fantastic for improving motivation...far better than a whip. Most horses are very food motivated!

### Clicker training vs saying "good boy"

A clicker makes a sound that is short, sharp and distinctive. It is the same sound every time, unlike our voice which changes in tone and pitch depending on our mood. The clicker is a short sound, so it allows us to mark a very precise behaviour such as the flick of an ear. The clicker also makes a high pitched sound which is registered more quickly by the brain, so a clicker is a much more effective marker signal than just saying "good" or "good boy".

### Is it safe to train horses with food rewards?

Georgia Bruce has clicker trained thousands of horses. With this experience she has discovered how to use clicker training with horses in such a way that they learn to be polite and to take food gently. Georgia teaches the horse "table manners" and how to take treats out of your hand gently. This is the most important step for introducing your horse to clicker training...we all like to give our horse a carrot every now and then, so the horse needs to know how to be polite around food! Horses are extremely motivated by food rewards, they will do almost anything for a small slice of carrot or apple. Clicker Training allows us to harness this motivation and direct it into the task we want the horse to perform. Many horse trainers use a clicking sound with their mouth at times to create more energy in the horse or to get them to go forwards. The clicker makes a completely different sound and has a totally different meaning. The clicker means "yes" you did the right thing and you earned a reward. The horse will not get confused between the two types of clicks and their two meanings.

### Where can I find out more?

You can order Clicker Training DVD's and Clicker Training books by Georgia Bruce at [www.ClickerTraining.org](http://www.ClickerTraining.org) Georgia also gives lessons, clinics and demonstrations around Australia.
