## DISCRIMINATORS

- Licensed Surveyors with major infrastructure project experience.
- Tier 1, 2, 3 companies and their suppliers have access to fully **certified surveying services** by Licensed Surveyors, a condition of contract that sets our service apart from our competitors.
- Surveys are conducted and monitored in a real time web enabled environment meaning the client can have access to instantaneous data (subject to 3G, 4G and Satellite Coverage).
- We are at the forefront of Survey Technology.
- We tailor our services to suit your requirements, big or small.
- Clients can ‘brand’ or ‘badge’ our field resources and office prepared reports easily.
- Clients have direct and easy access to all senior technical staff at all times.
- We work hard for our clients and go the extra mile when you need it most.
- Indigenous owned company.
- Lump sum tenders are available for most projects with flexible payment terms to suit the client’s project.
- We don’t “over-service” client projects and offer extra advice to save you money.
- We have built a trusted and strong network of like-minded survey companies that can supplement our resources when needed.

## QUALITY STANDARDS AND OTHER ACCREDITATIONS

- Registered Surveyors QLD No. S2415, NSW No. 1485
- Certified Professional of The Spatial Sciences Institute
- Internal QA system compatible with ISO 9000 series
- ABN 11 117 973 912
