Ado's Air Spray.

I am writing this President's Rant from Mirissa Breach, Sri Lanka overlooking the Indian Ocean, the beach and the pool below our room.

The ride over the last week has been extremely challenging at times due to the traffic regulations that are ignored by the locals and the visitors who ride. This will be shown when we hopefully post videos on the webpage when we get home, I am not sure if Eric has already uploaded some from his camera already.

The ride itself is really good but I have found it hard eating curry and rice three times a day most days of the week, and their mild is not Aussie Mild. The days that we did have 'western type' food has been extremely good, pancakes have gone down well at brekky, the tea is black and strong (as one would expect in Ceylon). The one downer is that all water that we drink has to be bottled, so even though it is cheap to buy it is a necessity everywhere. More holiday report when we get home.

I want to take the rest of the committee for keeping the branch alive and well, sorry we missed Julz and Doozee's sausage roll ride (I think I remember them telling us we would not miss out ☺). Looking at the photos on the website, it looks like a great turnout with some faces we haven't seen for a long time.... So welcome back; and some we haven't seen at all.... So welcome to you.

The AGM noms can be completed tonight and handed into Paula in Amanda's absence so if you have any questions please don't hesitate to ask. You have until the end of the April information night to hand them in, so no rush, but please consider coming on board.

I see that the National Rally commenced last weekend, so we will now have a new National committee by the time we get back to Aus. I hope all travellers have a safe ride home.

Hope you all have a good information night tonight, my luck Amanda or my numbers will be the member draw numbers tonight, if they are – please don't let me know. We have a representative from Maurice Blackburn solicitors tonight to share some useful information for us, and I am really disappointed I'm not there to hear what they have to say.

Thanks to Chopper for standing in as Pres this month and once again thanks to the whole committee for your commitment, which allowed Amanda, I and Eric to have no concerns at all about the branch affairs while we were gone.

That's all for now from Sri Lanka.

Eye's a Watching..... etc

At the last meeting Ado was awarded the G.O.A.T, now normally that means greatest of all time, however that may be a bit too much, in this case it means GRAND ORDER (of the) ABANDONED TURD. On the family day at the Mount Crosby sports field one of the toilets was blocked so our fearless leader donned some gloves and trudded off to remove the blockage claiming there was only paper in there!

From the Editor.

I was honoured at the last meeting to be awarded the Mishap award with Crash, I got to take the Bear home for a month and it took pride of place on my desk. The truth of the story is I was heading along to the BP at Blacksoil to meet up with a load of others to have a Charity run to Esk in support of a young guy who has Cancer, as I pulled into the BP there were bikes everywhere so I spotted a place to park up over by the Tyre pressure pump. Trying to stay looking cool and collected I came to a stop and next thing I know I'm on the deck, right in front of the Legacy SMC, a couple of them came and gave me a hand to get up and they had the good grace not to laugh as well, that wasn't the end of my day as my mirror had come loose and I couldn't get it back on so by this time I had had enough and went home feeling quite pissed off with myself. I think Sherriff's count of 740 bikers was an exaggeration as I am sure not all of them saw it!

Its good to see plenty of riders and some new people on our last few rides, I think we have the best Branch in SE Qld and I'd say its getting better. Ado's ride to Withcott had an excellent turnout given the weather I was too lazy to get out of my pit so I met up with everyone at the Withcott Hotel for lunch, not a bad spot to go either. Julz and Doogies ride was also well attended probably the bribe of home-made Sausage rolls which were fantastic to say the least. I think we had at 5 or 6 new potential members turn up as well.

We have been invited to attend the Bundamba Anzac day dawn service this year, we usually get a good turnout for this and have a BBQ Breakfast at Queens Park afterwards, We need 2 volunteers to lay a wreath on behalf of the Branch, if you would like to lay the wreath please let us know.

At the back of the Newsletter is a 2019 Nomination for the Branch Committee, all positions are open, so please if you are interested in being on the committee nominate for a position. It is your chance to have a say in what we do .

First meeting of the year was attended by most of the members of the Branch, we also had a new member who came along to check us out and the liked what he saw. It ended up a good night as Paula shared a chocolate cake left over from the family day, it was Scrumptious.

Fines

Doogie and Julz:- Turned up late

Gronk:- Just for being himself

Angry:- Was looking guilty, so he got a fine

Ray:- Passing on the left and telling Rizzo to move

Splinter:- Crossing double lines and coming late

Ado:- Indicators again, plus he ran out of fuel

Lummy:- Forgot his wallet

Splat:- President of Mt Lindesay Branch for stealing our Branch plaque

Lizzy-Ray-Rizzo:- Took 45 minutes to put up a little umbrella, it was like watching the 3 Stooges.

Myself:- Next time I go to Rizzo's I will have to bring some V.I.Poo.

Birthdays

January – Ray, Crash, Julz and Angry.

February – Have -a-chat, Helen Paget and Margaret (Sergeant- major). Margaret turned 81 and is as feisty as ever.

Mishap Award was presented to Crash for crashing his bike again but I had to take it off him to give to Chopper for dropping his bike in front of 740 Bikers, It was little bit embarrassing Ha Ha!!!

Lummy I hope you are OK from coming off your bike and a big thank you to the boys that got him and his bike up to continue our ride.

I have kept an eye on it here from Sri Lanka when I have access to internet but I can't do too much from here other than approve blogs and watch the pics you people have put on our photo gallery so you will have to put up with the YouTube video on the front page until I come back to my computer.

And now to the complaint from me. I am having a really hard time here, forced to ride a bike around twisty mountain roads on a Royal Enfield motorcycle. Trying to dodge mokeys on the road.

In writing moment I am sitting outside our hotel room, about 15 metres from the pool and if I want to go in the ocean for a swim I have to walk a whooping 25 metres more. I hope I can manage.

Tomorrow, it's back on the road through some mountains with tea plantations.

The traffic can be a little bit intense here. It looks very scary when a bus comes towards you in your lane because it is overtaking another vehicle and the bus just expect you to move off the road unless you want to be killed.

Lucky for me there is some aid available such as beer, Rum and other medicine so I think I can survive the week.

I'm not going to make it to the Farmers arm ride but I hope that you people are putting some pics on our website so I can follow you from afar.

I will definitely be on Kons memorial ride as long as I don't get run over by a bus here.

That is all from me this month.

January and February 2019.

Hi All

Lummy (Kevin).

On Ados ride on the 3rd Feb, Lummy dropped his bike, Cupcake was riding 4 in front of him and as she went to change gears she stalled her bike, a couple of people stopped to help her and that is when Lummy got to close and he dropped his bike. He fell on his right side and rolled down the road so his bike would not land on him, he is OK just a few bruises to the body. His bike got a couple of scratches and a broken hand brake lever.

Julz (July)

What a great ride we had, 26 bikes one with a side car, one trike and 29 people, what a great turnout. We did about 150k's and then ended up at Julz and Doogies for home - made sausage rolls, everybody had a great day so thanks, July and Doogie.

I never wish death on anyone who wrongs me, I wish sudden explosive diarrhea while stuck in traffic.....with frequent sneezes.

I think this next joke is a dig at the Sheriif!!

Getting old should require training....I bought a new stick of deodorant today, the instructions said "Remove cap and push up bottom" Its hurts to walk but whenever I fart the room smells lovely.

God bless and safe riding... **Rizzo #59819**

Can you spot what's hiding in this bush?

That's right it's a Cop with a speed gun, they're getting sneaky!!

A mechanic was removing a cylinder head from the engine of a Harley Davidson motorcycle when he spotted a well-known heart surgeon in his shop.

The mechanic shouted across the garage, "Hey, Doc, can I ask you a question?"

The surgeon a bit surprised, walked over to the mechanic working on the motorcycle.

The mechanic straightened up, wiped his hands on a rag and asked, "So Doc, look at this engine. I open its heart, take the valves out, fix 'em, put 'em back in, and when I finish, it works just like new. So how come I get such a small salary and you get the really big bucks, when you and I are doing basically the same work?"

The surgeon paused, smiled and leaned over, and whispered to the mechanic... "Try doing it with the engine running

Crash's monthly motorcycle tips.

This month I would like to touch on trail braking.

What is trail braking? You may very well ask, it is the use of the front brake when cornering, you shouldn't do that you might say, but in actual fact it is a technique used by motorcycle GP riders to get them around a corner quicker.

You very lightly touch the front brake when cornering and can be used when there is a particularly tight corner, I must emphasize this does take practice and should probably only be used by experienced riders.

Ok that's enough of my tips for now, I would like to thank Julz and Doogie for putting on their sausage roll ride, we had a fantastic "roll" up and all had a good ride and the best sausage roll I have ever tasted.

Thanks Guys.

That's all from me for this month.

More advice from someone who knows how to 'Crash'

Crash.

#42697 CRASH

This is a story about Sweet F. A.

Sweet F A!

Sweet Fanny Adams, or using the alliteration in a more vulgar context, Sweet (expletive) all...!! It is used to describe almost any situation where nothing is present, or that something is of little value or poor quality. Everybody is familiar with the term and many of us use it when the need arises. But where does the saying derive?

The Fanny Adams in question was a real person; she was a sweet eight year old born in 1859 in Hampshire. Fanny was a happy girl who enjoyed playing with her friends in the meadows near her house. One warm August afternoon in 1867, Fanny, along with her sister and some friends met Frederick Baker, a local solicitor's clerk. Baker was well dressed and known to the children. He gave the children money to buy lollies. Later on, Baker asked Fanny to go with him along the lane to the next village. When Fanny refused, he picked her up and walked off.

The other children ran back home to tell what had happened, but were ignored. However, concern was raised when Fanny did not return later in the day. Fanny's mother and a neighbour set out to the meadows to search for her. They met Baker who denied knowledge of Fanny's whereabouts. The search continued into the evening when a labourer discovered her. She was mutilated in a most gruesome manner and her body decapitated and dismembered.

That night, the police encountered Frederick Baker at his place of work. The cuffs of his shirt were spotted with blood and his trousers were being soaked to remove blood. Baker was calm and denied any knowledge. A search of the office revealed a diary entry which stated matter-of-factly, "Killed a young girl. It was fine and hot."

The murder gained an immediate notoriety and an angry crowd gathered outside the solicitor's office. Baker was held in Winchester Prison and after thorough investigation, the trial began in early December. Baker was convicted of Fanny's murder and hanged on Christmas Eve outside Winchester Prison. Because of the case's notoriety, a crowd of 5000 witnessed the execution.

Only a couple of years after Fanny's tragic death, sailors in the British Navy were issued new rations of tinned mutton. The mutton was unpalatable and with perverse humour, the sailors joked that it was actually the tinned remains of Fanny Adams. The term 'Fanny Adams' became synonymous with anything mediocre. More colourful terminologies based on Fanny's initials expanded its use.

Radial and Doogees' Mystery Sausage Roll Ride

We had a fantastic time leading this mystery ride. Thank members and guests who turned up to join us and we hope did!

When we turned up at Macca's Yamanto about 8.20, we of bikes already there and more kept turning up. There was people altogether and so it's lucky we made an extra extra

After leaving Yamanto about 9am with Radial at the lead we headed out toward Boonah, but turned off on the skipped the town of Beaudestert via the bypass road, and a cuppa and a chat.

The ladies at the Info Centre were ready for us because we spoke to them the weekend before on our pre-ride. The note that was left for them apparently said "Outlaw Bikie Gang turning up at 10am Sunday ☺".

At this point Doogee, with his daughter Alicia in the side-car, left the group to go to our final destination to start getting sausage rolls heated up and to get the NZ Watties Tomato Sauce out. Without Watties Tomato Sauce a Kiwi man just wouldn't enjoy his sausage rolls quite so much! Us Aussies of course are just fine with the Rosella, mate. Or maybe we could spread vegemite on the sausage rolls?

After about 30 mins, to give Doogee and Alicia a good head start, Radial led the ride toward Jimboomba, then out toward New Beith and then Greenbank. It's a cruisy journey at 80kms through most of the last half of this ride so a nice easy one for any newbies (there were a couple, so that turned out good).

We made our way around Springfield and didn't lose anyone through the traffic lights and round-a-bouts on Augusta Parkway. One short, illegal pause at a bus-stop ensured the group were altogether.....

Arriving at our final destination, a few had guessed it would be our backyard! What better place to make sure the sausage rolls were hot and crispy out of the oven? The only problem with the plan was that Doogee missed a turn on the way back and so he only arrived home 5 minutes before everybody else! Sheriff is bound to have this fact written in his little black book, but Sheriff should also remember that he took a doggy bag home (or should that be a Doogee Bag LOL).

Stevie Nicks the Wonder Dog was pretty damn pleased that 29 people on big bikes had come to see her and acted in her usual manner by assuming everyone was there just to pay her attention.

The sausage rolls (and Watties Tomato Sauce) were served up about 10 minutes after the bikes arrived, and boy they went down a treat!

We were really pleased with the turn out and everyone was really pleased with the sausage rolls. We just might make this an annual event (you're welcome)!

you to the 29 enthusiastic you had as good a day as we

were surprised to see a bunch 27 bikes in the end, and 29 large batch of sausage rolls!

and Doogee as tail-end Kiwi, Boonah-Beaudesert Road. We stopped at the Info Centre for

"They fought and died that our lives and freedom might be made secure; Greater love hath no man than this."

The Police have found a large number of dead crows on the Mitchell FWY just north of Perth early this morning, and there was concern that they may have died from Avian Flu. A Pathologist examined the remains of all the crows, and, to everyone's relief, confirmed the problem was NOT Avian Flu.

The cause of death appeared to be from vehicular impacts. However, during analysis it was noted that varying colours of paints appeared on the bird's beaks and claws. By analysing these paint residues it was found that 98% of the crows had been killed by impact with motorbikes, while only 2% were killed by cars.

The investigators then hired an Ornithological Behaviourist to determine if there was a cause for the disproportionate percentages of motorbike kills versus car kills. The Ornithological Behaviourist quickly concluded that when crows eat road kill, they always have a look-out crow to warn of danger. They discovered that while all the lookout crows could shout "Cah", not a single one could shout "bike"

A woman walked into the kitchen to find her husband stalking around with a fly swatter. “What are you doing?” she asked.

“Hunting flies,” he replied.

“Oh, killed any?” she said.

“Yep, 3 males, 2 females,” came the answer.

Intrigued, the wife asked, “How can you tell them apart?”

Husband: “3 were on a beer can, 2 were on the phone.”
