- Did the use of Path-Away® Protectant increase your overall profits. Yes:  No: \_\_\_\_\_
- Are you marketing "Organic, Anti-Biotic Free" products now. Yes: \_\_\_\_\_ No:

Additional comments: FOR CHICKENS Fog 1 gallon per 4000 sqft before CHICKS ARRIVE, Fog EVERY 7-10 DAYS - SAME AMOUNT. IF ISSUES ARRIVE (i.e. bird sickness) Fog EVERY 3 DAYS until symptoms subside. IF NO ISSUES present then no fogging 2 WEEKS before market - just a waste of product @ that point. \* IF ABF OR ORGANIC - Fog 2x WEEKLY FROM RECEIVING BIRDS until they go to market.
