

Candidates for Board of Directors

Jesse Nava

Hello everyone, my name is Jesse Nava and I would love to represent my community. We moved in at the end of 2016. I love it here. I believe we're in super convenient location and are a clean and quite peaceful neighborhood in this city and would love to keep it that way. I work in oil and gas and love everything about our state.

I truly have always wanted to participate in our HOA and would ask you, our neighbors, to give me a chance in trying to provide a fun and safe environment for all our children. I have great ideas that can bring the community together.

Yolanda Neubeck

My name is Yolanda Neubeck, I moved to this beautiful state a few years ago with my husband, 2 kids and our fur babies and fell in love with our home and our lovely neighbors. As a mother of two young kids, I am deeply invested in the long-term prosperity of our community.

Maggie Olivares (Incumbent)

My name is Maggie Olivares. I have lived in briar grove for almost 5 years and have loved living here. This will be my second term on the board. My goal has been and will continue to do everything I can to make our Neighborhood better. Just a little about me, I'm a Montessori teacher. Kids are my passion as I have 3 of my own. So I know how important having a community to raise your children in is so important. I would love to represent our neighborhood again. I will do everything in my power to help it blossom and be the best it can be.

Best, Maggie

Michelle Sanchez

I purchased my home in July 2015. I live in my home with my husband, who is a paramedic, and our dogs. I am currently a stay-at-home wife with a passion to rescue animals and find good homes for them. I work with rescues locally and nationally to make this happen. I also have started my own business recently, so I am working to get that off the ground. I have extensive experience in corporate America in management and director roles. I believe that my professional experience will greatly benefit our HOA Board of Directors and especially our community. I am well versed in accounts receivables and payables, and budget setting, in addition to my regulatory and compliance experience.

I love living here and want to make the neighborhood a more desirable place to live for all current residents and incoming ones. I would love to hear from all the neighbors and their ideas to improve the community. I believe there should be less nitpicking and more common sense on running the board, so it benefits ALL residences, not just a certain few. I believe that I can be a great representative for our community and the collective good of all.
