

Homelab SBESP Program Schedule

- 1 VEU and SBESP eligibility criteria apply.
- 2 Prices quoted are GST inc and calculated on a sample product. We will issue a quote to confirm rebate on your selected products
- 3 Voucher cap applies. Maximum a business can receive, from all activities current and claimed in the past is 50 Vouchers (\$2200 inc GST).
- 4 There is no cap on VEECs which are calculated separately
- 5 Your total benefit is the sum of VEU and (capped) SBESP Rebates

Activity	To Be Removed	To Be Installed	Metro		Regional	
			VEEC Rebate	SBESP Rebate	VEEC Rebate	SBESP Rebate
Hot Water System						
1A	Inefficient electric water heater	Gas storage water heater(1A)	\$1,188	\$428	\$1,276	\$549
1B	Inefficient electric water heater	Gas instantaneous water heater	\$1,188	\$119	\$1,276	\$204
1C	Inefficient electric water heater	Electric boosted solar water heater	\$1,452	\$784	\$1,584	\$982
1D	Inefficient electric water heater	Heat pump water heater	\$1,056	\$475	\$1,144	\$606
1F	Inefficient electric water heater	Gas boosted solar water heater	\$1,760	\$1,866	\$1,892	\$1,892
3B	Inefficient gas water heater	Gas boosted solar water heater	\$396	\$2,146	\$440	\$2,200
Heating and Cooling						
10A(i)	Hard-wired electric room heater	Air to air heat pump	\$968	\$1,597	\$1,056	\$1,890
10A(ii)	Room air-conditioner (air to air heat pump) or other room heater	Air to air heat pump	\$88	\$2,200	\$88	\$2,200
10A(iii)	Plug in electric heating or wood fired heater	Air to air heat pump	\$396	\$1,873	\$440	\$1,967
10A(iv)	Refrigerative air conditioner (non-ducted) and a hard-wired electric room heater	Air to air heat pump	\$1,320	\$1,584	\$1,452	\$1,902
10A(v)	Refrigerative air conditioner (non-ducted) and plug in electric room heater	Air to air heat pump	\$528	\$2,075	\$572	\$2,122
10A(vi)	Refrigerative air conditioner (non-ducted) and a gas room heater	Air to air heat pump	\$132	\$2,200	\$132	\$2,200

Refrigerated Display Cabinets, Fridges and Freezers						
32A (i)	An efficient refrigerated display cabinet listed on the ESC's product register	Display < 1sqm	\$352	\$1,408	\$396	\$1,639
32A (ii)		1sqm < Display < 2sqm	\$880	\$1,751	\$968	\$1,820
32A (iii)		2sqm < Display < 3sqm	\$2,200	\$2,200	\$2,376	\$2,200
22A	An efficient fridge or freezer listed on the ESC's product register	Single door refrigerator	\$44	\$889	\$44	\$942
22B		Two door refrigerator	\$44	\$1,078	\$44	\$1,210
22C		A chest freezer	\$44	\$893	\$44	\$1,003
22D		An upright freezer	\$44	\$568	\$44	\$598
Other						
36	Water efficient pre-rinse spray valves		\$220	\$59	\$220	\$41

To check if a product is eligible

1. Go to <https://www.veu-registry.vic.gov.au/Public/ProductRegistrySearch.aspx>
2. Select activity from pull down list (the activity number is in the first column of the table above)
3. Press Search button

Note: A list of approved products will be displayed. You can filter it by entering values in header input field. Your product must be on this list to be able to claim rebate, both VEU and SBESP
