a reflection  
of brilliance.

Lumina is the ultimate reflection of the thriving community in which it resides—a haven that embodies Emerald City's vivacity with a modernist fusion of technical design and a unique sense of space. The planned thirteen-storey Tower and seven-storey Oasis Suites are nestled amid a vibrant neighbourhood, threaded within the lush landscaping.

Lumina's distinct design complements the sophistication of the area with architectural intent.

LUMINA  
EMERALD CITY

part of the  
community.

Unforgettable moments and the simple pleasures in every day. Life happens here. Surrounded by places to work and places to play, Lumina is in one of Toronto's most energetic and dynamic destinations.

Close to exceptional shopping, restaurants, movie theatres and a local community centre, Emerald City's prime location brings you the best of all worlds. Overlooking Parkway Forest Park which features plenty of sublime green space to retreat, it's no wonder the Fairview Mall community is quickly becoming one of Toronto's most flourishing areas.

## art of the community.

Canadian artist, Douglas Coupland, was commissioned to create a piece that would reflect the joyful atmosphere of the Emerald City community. His large, multi-coloured totem installation did just that. From the pedestrian plaza at the southeast corner of Don Mills Road and Sheppard Avenue to the new Parkway Forest Community Centre which features an aquatic facility, each vibrant level represents the variety of niceties found in the urban landscape.

the perfect  
equilibrium.

Minutes from Fairview Mall and Highway 401, Toronto's main east-west artery, Lumina allows homeowners to enjoy a vibrant and balanced life within the community and beyond. The well-established location connects you right to where you already are, illuminated with exceptional shops and brilliant restaurants. Meanwhile, the neighbouring TTC and 404/Don Valley Parkway quickly link you to and from the electric energy of downtown Toronto and afar.

you're  
on your way.

Close to the TTC and GO Transit systems,  
Lumina gives you easy access to some of  
Toronto's most exciting and dynamic destinations.

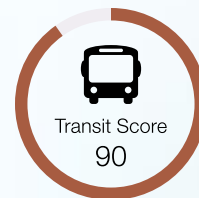

## absolute proximity.

With a walk score of 80 and a transit score of 90, Lumina is within a close radius to all the action.

Tasks can be accomplished and days can be filled with trips to the nearby IKEA, stunning Bayview Village or local Cineplex Cinemas.

Bayview Village

The surroundings of Lumina offer abundant outdoor recreation options, from exploring the Betty Sutherland Park to cycling along the East Don Parklands. Lifelong education is at hand with the Forest Manor Elementary Public School just around the corner. And residents can take comfort in knowing that Lumina is within proximity to North York General Hospital at Sheppard and Leslie.

In a location so superb, you'll begin to understand why Lumina brings you closer to a life illuminated.

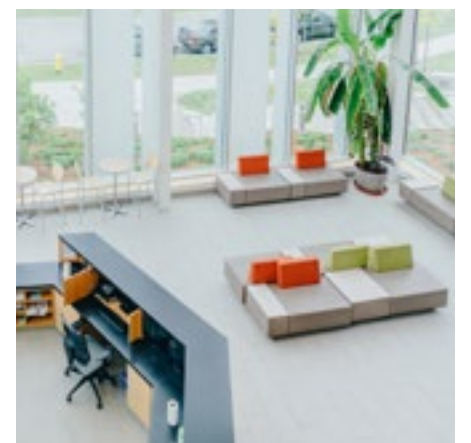

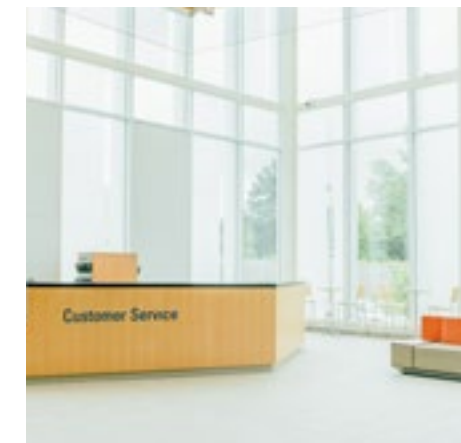

## keeping you centred.

The Parkway Forest Community Centre is part of the master-planned Emerald City Community. The 50,000-square-foot facility with a green roof, commercial teaching kitchen and an adjacent Rooftop Garden is the first of its kind.

The centre features all the goodies, including: a full-size gymnasium, running track, multi-purpose room, arts and crafts room, youth lounge, library, meeting room, weight room, aerobics and dance studio, and a YMCA-run daycare. And in the summer, the centre invites the community to enjoy an outdoor pool and pavilion as well as a 13-acre family park with children's playground.

# LUMINA

EMERALD CITY

the brightest light  
is always home.

By way of interior and exterior design, Lumina perfects the balance between privacy and community, remaining grounded and offering the epitome of tranquility and ease.

The building's diverse external finishes and a variegated palette of materiality and colouration create a rhythmic sense of dynamic interplay, giving each a unique aesthetic quality.

Spectacular yet modest, Lumina is distinct from its Emerald City neighbours – Lumina positively shines.

# the floorplans

Contemporary elegance inspired by subtle cues of nature, each light-filled Tower Suites and Oasis Suites comes complete with a personal slice of the Emerald City vision. Lumina’s brilliantly spacious layouts provide views worthy of recognition and a life illuminated.

# ELAD CANADA

## a visionary approach

Best known for their visionary approach to the award-winning Emerald City master-planned community, now an icon in Toronto, as well as the Cité Nature condominium development next to the Olympic Village pyramids and the redevelopment of the historic Nordelec building in Montreal, ELAD Canada is committed to developing long-term relationships with the communities they build.

Recognizing that communities are constantly evolving and striving to ensure their projects are in tune with these ever-changing needs, ELAD Canada leads the way with innovation in development.

# WZMH ARCHITECTS

WZMH is an award winning architectural partnership established in 1961 in Toronto. With a reputation of great design, technical expertise and dynamic leadership, the architects were commissioned to work with ELAD to bring The Parkway Forest Community and Emerald City to fruition. Responsible for designing spaces from the inside out, WZMH panned the residential buildings on the site, including 10 towers, 4 midrise and 3 townhouse complexes.
