

Prime-Time Specialty Vehicles Company Introduction

Mission Statement

We strive to deliver more than we promise and always listen to our customer's needs. The staff at Prime-Time Specialty Vehicles daily mission is to produce the safest and most affordable transportation vehicles in the industry. This combined with trust and integrity which will give our customers the security for many years after their purchase.

About us

Prime-Time Specialty Vehicles is a nation-wide leader in building Specialty Van Conversions for thousands of different customers. Our company is based out of Elkhart, Indiana and serves the entire USA. Prime-Time Specialty Vehicles has continued to be a local family owned and operated Van Conversion manufacturing business for over 10 years.

About us

2008 - Company Opening

David Moore - (Founder and President) first opened Prime-Time during the Recession of 2008 with a staff of under 10 full-time employees.

Our 10 Year Expansion

Moving forwards 10 years, Prime-Time has more than tripled in physical size and actively keeps the same personnel who started since our first year. To this very day we still pride ourselves for being a privately owned and operated family business. This alone gives our customers the added confidence that Prime-Time is here to help them, no matter what their needs may be.

About Us

The management team at Prime-Time has over 200 years of combined experience. This experience combined with our highly trained production personnel, gives us the ability to stay ahead of our competition. The management team also has won numerous awards for quality and design from all of our chassis suppliers, vendors, and clients.
