Cleaning and Gym Protocols

- Any athlete that feels sick or has a sick family member should stay home. There will be absolutely no penalization for missing practices due to fever of the athlete or anyone in the athlete's household. Play it safe — stay home, rest up, and notify gym. You will need a doctor's note to return.
- If we have an exposure in our building, per OSHA, CDC & specific county guidelines, the gym will remain closed for the duration required per that municipality to thoroughly clean the facility. Be cognizant of your health and do not leave your home if you (or anyone in your household) are not feeling well.
- Each athlete must wear a mask when outside of their vehicles. Ensure it is properly fitted and you can work out with the masks. We will follow county guidelines for masks — this is a moving target. There are different mask options that offer differing levels of room to breathe — find what works best for you.
- Please, do not touch your face. If you have an itch or must remove sweat, try to use your forearm.
- Only athletes and working coaches are allowed outside of vehicles at our gym location. No siblings, no friends (even if on other Corona Stars teams or classes), and no non-working coaches allowed in the gym at any time.
- A water bottle with their name printed on it and car keys are the only personal items allowed in the facilities. All other items, including phones, need to be left at home or in a vehicle.
- No spotting of tumbling until further notice to adhere to social distancing.
- CSC will utilize separate entrance and exits. Parents, your athletes may be released from an alternate side of the building- please note where the new entry and exit locations are.
- Athletes will line up on each marked space to wait for temperature read and hand sanitizing station and will adhere to strict social distancing guidelines of at least 6'.
- We miss hugs, too! But now is not the time, and we cannot allow contact between any athlete or coach during this time.
- Athlete temperature will be taken with an infrared thermometer (no touch) by one identified staff member only who will employ PPE to prevent potential exposure. The Centers for Disease Control and Prevention considers a reading of 100.4 degrees Fahrenheit a fever. While an actual temperature reading is the best diagnostic tool for fevers, the CDC also says it considers a fever to be present when a person feels hot to the touch, feels feverish (possibly with chills), or looks flushed or glassy-eyed. Any athlete or staff with these signs need to immediately leave and monitor their health from their home.
- Please bring your own water labeled with your name. Any kind of sharing is prohibited.
- We will be utilizing a limited set of equipment and will be disinfected after each use. Athletes will also disinfect any equipment they use. All Tumble Traks are closed until further notice. Please ensure you do not touch anything in the gym, including walls.
- All doors will be opened and secured in that position by staff- athletes, ask staff to open doors that may have accidentally closed.
- All gym offices are closed — payments or other business must be online or over the phone.
- Bathrooms for athletes and staff are not available except for emergency situations and must be cleaned by staff with the correct EPA-approved disinfectant immediately after use.
- Staff will have their temperature taken each workday, prior to entry into the building, and will comply with all handwashing, cleaning, and strict social distancing guidelines.
- Surfaces, entry ways, and mats will be sanitized between each session with the appropriate EPA-approved cleaner as identified on this list: <https://www.epa.gov/pesticide-registration/list-n-disinfectants-use-against-sars-cov-2>
- We will have sanitizing stations around the gym. Athletes will break every 30 minutes to sanitize.
