

WHY PREZAN?

- **VETERAN LED INSTITUTION**

The best type of people to teach others about the military are those who lived the life of a soldier. All of our instructors are veterans of a macro military.

- **UPDATED CURRICULUM**

The subjects at Prezan are constantly updated, to provide the highest quality training available.

- **TUITION FREE ACADEMY**

Some micronational institutions charge fees. At Prezan, we care more about your success than your pocket book and dollars. Small fees may apply.

MAKE A POSITIVE CHANGE FOR YOUR MICRONATION'S MILITARY, TODAY

Prezan Military Academy at Dracul was established in December of 2020, after Lieutenant Colonel Connor Modena and Colonel Scott Jeanes noticed a need for improvement, within micronational militaries within the community. With both Colonels having served within the United States Military, the two felt their education and leadership experience could benefit others. Today, Prezan offers classes in person and online, especially for those not in the Houston, Texas region.

Prezan welcomes all foreign micronations to their academy, tuition free. There is a small \$2 fee at graduation, for diplomas and official transcripts from the academy. With the education learned at Prezan, the micronationalist soldier can return to their military, with detailed leadership training and customs and courtesies. We invite you to view our online curriculum, to see all that we offer at Prezan.
