## ***President's Message*** **4/19/2020**

I hope everyone is in good health and doing well during this Corona Virus pandemic. The April meeting was cancelled because of the stay at home order. The May meeting on Thursday May 14th 2020 will be cancelled as well.

We are continuing the planning and preparation of the show for July. Hopefully the restrictions will be lifted in time for us to have the show. The Board of Directors have discussed our options if the show has to be cancelled.

The Minneapolis Moline G 1000 LP tractor will be given away whether the show goes on or not. I urge everyone to buy their tickets on the tractor. The money we make on the raffle will help us cover our yearly expenses. The raffle drawing will be held on Sunday July 12th 2020 at 2:00pm.

Planting season is here, let's have a safe and productive spring, be safe in the fields and on the roadways.

*Chuck Stelter - President*

# SAFETY

is as simple as ABC

Agriculture has the dubious distinction of being one of the most dangerous occupations in the United States.

Farmers, and others working in agriculture, need to be aware of, promote and practice safety measures on a year-round basis.

Take advantage of farm safety training when it's offered by area equipment dealerships, cooperative extensions or farm organizations.

Additionally, it is advisable to simply slow down, assess any possible safety challenges, and apply a healthy dose of common sense, maturity and a sense of responsibility to any safety situation.
