To All Employees:

A group of your fellow workers has asked our Union to organize them and help them gain a collective bargaining agreement which will recognize and establish your rights as workers. For the most part, we will be helping you to help yourself. You know your needs, and we have the ability and expertise to help you attain your goals.

United Workers of America and its affiliated Local Unions is an established union with excellent contracts with over 30 companies covering over 1500 employees. Business agents work full time for the union, and their only obligation is to the members. Their function is to service the contracts, negotiate the contracts, and help unorganized workers, establish the union at their place of employment.

We firmly believe our Union can help to achieve a greater standard of living for you and your family and to increase respect from management on the job.

Join with us for a better tomorrow. Sign a United Workers of America authorization card today!

Sincerely yours,

The Executive Board  
United Workers of America and its affiliated Locals
