“The Ark of the Covenant has been found”

Many teachers of scripture whether Christian, Jewish or Messianic outline that the ark was hidden below the temple mount before the Babylonian invasion.

Some say that it is in a pyramid in Egypt.

Many even claim it's in Ethiopia.

Others claim it's at Gordon's Calvary **(Picture below)** Escarpment in the Garden Tomb in Jerusalem and that Jesus was hung up on a cross and His blood went down and miraculously went onto the Ark of the Covenant and thus the atonement was fulfilled this way, many of you are familiar with this.

For now, it is impossible to prove, and is only speculative. The **“Raiders of the Lost Ark”** movie illustrates how compelling the idea of discovering it is. Jesus has not lost anything, even though mankind loses track of things.

Our faith (Trust) is what overcomes the world, and not physical evidence that the Scriptures are true and historical fact.

As with the blood moons theory that has been promoted over the last few years Jesus says clearly that ***"A wicked and adulterous generation asks for a sign!"*** **Matthew 12:39.**

Matthew 12:39 *But he answered and said unto them, **An evil and adulterous generation seeketh after a sign**; and there shall no sign be given to it, but the sign of the prophet Jonas:*

The Ark of the Covenant was called **“The Name of Yahuah (God)”**, as well as **“The Throne of Yahuah (God)”**, because His Presence dwelled between the cherubim on its lid.

Many people over the years have sought for material evidence from the past. Some have claimed the ark was taken to Ethiopia just after the reign of King Solomon.

They claim it is in a secret location in a cairn/maze and guarded by faithful descendants of Solomon (through the queen of Sheba).

The *“Holy Grail”* and *“Shroud of Turin”* are still in the news today as well.

Some teachers seize on issues that spark popular interest, such as the Ark of the Covenant’s location, or the tablets Moses had thrown down and broken when he saw the idolatry of the nation of Israel as he descended from the mountain.

Several years ago, a man claimed to have found the tablets broken by Moses in the ancient land of Babel (he claimed this just after the Gulf war back in the 1990’s).

The time spent on these kinds of things could have been spent speaking to people about submitting to what is written on the tablets. Instead they focus on where they might be.

The Word of God is true and every man a liar **Romans 3:4.**

If we really want to know “where” the Covenant tablets are, we search Scripture for the answer.

Revelation 11:19 “And the Dwelling Place of God was opened in the heaven, and the Ark of His Covenant was seen in His Dwelling Place. And there came to be lightning, and voices, and thunders, and an earthquake, and great hail.”

Revelation 15:5 And after that I looked, and, behold, the temple of the tabernacle of the Covenant in heaven was opened:

Here we have it!

The Ark of the Covenant is not anywhere on earth where man can put his grubby hands on it, it's in the tabernacle/temple in Heaven where Jesus is High Priest, this is where He sprinkled His blood for the sins of all mankind.

The Ark of the Covenant my friend has been found and it has not cost you or me a dime.
