

# Men and Women For a Representative Democracy In America

September 15, 2021

President Joseph Biden  
THE WHITE HOUSE  
1600 Pennsylvania Ave. NW  
Washington, D.C. 20500

Mr. President:

Our Organization, Men and Women for a Representative Democracy in America, along with millions of honest, hardworking Americans, are stunned by the outright incompetence exhibited by our country's top elected leaders. This includes President, Vice-President, House Speakers, etc.

Your execution of the critical situation in Afghanistan is utterly outrageous. Certainly, our military experts and our intelligence sources were aware of the coming storm. Where were YOU? Obviously, we were caught with "our pants down"; plus, the U.S. has lost valuable trust and respect worldwide.

Also, may we strongly suggest that you do your homework thoroughly before a press conference. Anchoring to stiffly prepared notes and constant use of a prompter is robotic and insulting.

Another example of our leadership's incompetence is the unrestricted border openings. Did you even consider the health and welfare of American citizens in making such a dreadful decision?

Also, our Organization is strongly encouraging the issuance of an Executive Order and federal legislation barring the use of vaccine passports which can be used to restrict rights guaranteed by the U.S. Constitution.

**GET A GRIP OR STEP DOWN !!!**

Sincerely,

Member
