We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. WATER GLADES 300 CONDOMINIUM ASSOCIATION, INC.
NOTES TO FINANCIAL STATEMENTS
February 28, 2021

NOTE A - NATURE OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Organization - Water Glades 300 Condominium Association, Inc. (Association) is a statutory condominium association incorporated as a not-for-profit corporation in the State of Florida on December 30, 1975 for the purposes of maintaining and preserving the common property of the Water Glades 300 Condominium. Water Glades 300 Condominium consists of 100 residential units located in Singer Island, Florida.

2. Fund Accounting - The Association's governing documents provide certain guidelines for governing its financial activities. To ensure observance of limitations and restrictions on the use of financial resources, the Association maintains its accounts using fund accounting. Financial resources are classified for accounting and reporting purposes in the following funds established according to their nature and purpose:

Operating Fund - This fund is used to account for financial resources available for the general operations of the Association.

Special Assessment Fund - This fund is used is to account for financial resources to be used for the specific purpose for which the assessments were approved.

Replacement Fund - This fund is used to accumulate financial resources designated for future major repairs and replacements.

3. Member Assessments - Association members are subject to monthly assessments to provide funds for the Association's operating expenses and major repairs and replacements. Assessment revenue is recognized as the related performance obligations are satisfied at transaction amounts expected to be collected. The Association's performance obligations related to its operating assessments is satisfied over time on a daily pro-rata basis using the input method. The performance obligations related to the replacement fund assessments and special assessments are satisfied when these funds are expended for their designated purpose. Assessments receivable at the balance sheet date are stated at the amounts expected to be collected from outstanding assessments from unit owners. The Association has retained legal counsel to place liens on the properties of unit owners whose assessments are notably delinquent. As of February 28, 2021, an allowance for doubtful accounts has not been established. The Association provides for doubtful accounts based on experience and analysis of individual accounts. Any excess assessments at year end are retained by the Association for use in the succeeding year.

The Association treats uncollectible assessments as variable consideration. Methods, inputs, and assumptions used to evaluate whether an estimate of variable consideration is constrained include consideration of past experience and susceptibility to factors outside the Association's control. The balances of assessments receivable as of the beginning and end of the year are \$7,660 and \$1,944, respectively.

4. Cash and Cash Equivalents - For purposes of the February 28, 2021 balance sheet and statement of cash flows for the year ended February 28, 2021, the Association considers all highly liquid investments purchased with original maturities of three months or less to be cash equivalents.

5. Interest Earned - The Association's policy is to allocate operating interest to the operating fund. The special assessment and replacement fund interest is retained in the replacement fund.

NOTES TO FINANCIAL STATEMENTS (Continued)
February 28, 2021

NOTE A - NATURE OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

6. Use of Estimates in the Preparation of Financial Statements - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.
7. Recognition of Assets and Depreciation Policy - Real property acquired by the Association is capitalized when it (a) is used to generate significant cash flows from members on the basis of usage or from nonmembers or (b) can be disposed of for cash with the Association retaining the proceeds. Real property acquired by the Association that does not meet these guidelines is not capitalized, and accordingly, replacements, major repairs, and improvements to this property are not capitalized; instead, they are reported as expenses in the fund making the expenditure. The Association capitalizes personal property to which it has title at cost and depreciates it using the straight-line method over the estimated useful lives of the assets of seven years.
8. Concentration of Credit Risk - Financial instruments which potentially subject the Association to concentrations of credit risk are primarily cash and cash equivalents and assessments receivable. The Association invests its excess cash and cash equivalents in both deposits and high quality short-term liquid money market instruments with major financial institutions and the carrying value approximates market value. The Association has not experienced losses related to these investments. The Association believes it is not exposed to any significant credit risk on cash and cash equivalents and assessments receivable.
9. Income Taxes - The Association's policy is to record interest expense or penalties related to income tax in operating expenses. For the year ended February 28, 2021, no interest or penalties were paid or accrued.
10. Comprehensive Income - ASC 220 (formerly SFAS No. 130) requires "a full set of general-purpose financial statements to be expanded to include the reporting of comprehensive income." Comprehensive income is comprised of two components, net income and other comprehensive income. For the year ended February 28, 2021, there were no items that qualify as comprehensive income.
11. Fair Value of Financial Instruments - The carrying amounts of cash, receivables and payables approximate their fair values due to their short-term maturities.
12. Prepaid Assessments - Assessments received in advance for the subsequent year are reported as prepaid assessments on the balance sheet.
13. Contract Liabilities (Assessments received in advance - replacement fund) - The Association recognizes revenue from members as the related performance obligations are satisfied. A contract liability (assessments received in advance-replacement fund) is recorded when the Association has the right to receive payment in advance of the satisfaction of performance obligations related to replacement reserve assessments. The balance of contract liabilities (assessments received in advance-replacement fund) as of the beginning and end of the year are \$0 and \$212,635, respectively.

 NOTES TO FINANCIAL STATEMENTS (Continued)
 February 28, 2021

NOTE A - NATURE OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

14. Contract Assets (Expenses paid in advance-replacement fund) - A contract asset is the Association's right to payment for goods and resources already transferred. A contract asset is recognized when it has fulfilled a contract obligation before being entitled to payment. The balances of contract assets (expenses paid in advance-replacement fund) as of the beginning and end of the year are \$337,155 and \$0, respectively.

15. Contract Liabilities (Special Assessments received in advance - replacement fund) - The Association recognizes revenue from members as the related performance obligations are satisfied. A contract liability (special assessments received in advance-special assessment fund) is recorded when the Association has the right to receive payment in advance of the satisfaction of performance obligations related to special assessments. The balance of contract liabilities (special assessments received in advance-special assessment fund) as of the beginning and end of the year is \$32,327.

NOTE B - FUTURE MAJOR REPAIRS AND REPLACEMENTS

The Association's governing documents and Florida statutes require that funds be accumulated for future major repairs and replacements. Accumulated funds, which aggregate to \$244,984, are presented on the accompanying February 28, 2021 balance sheet as contract liabilities and replacement fund total balance. These "Special Assessments Paid in Advance - Replacement Fund" and Replacement Fund Balance are held in separate accounts and are generally not available for operating purposes.

The Association has not conducted a reserve study to estimate the remaining useful lives and the replacement costs of the common property components. The Association is funding for such major repairs and replacements over the estimated useful lives of the components based on management's estimates of current replacement costs, including amounts previously accumulated in the replacement fund. For the year ending February 28, 2022, the unit owners voted to partially fund the replacement fund.

Actual expenditures, however, may vary from the estimated amounts and the variations may be material. Therefore, amounts accumulated in the replacement fund may not be adequate to meet future needs. If additional funds are needed, however, the Association has the right, subject to member approval, to increase regular assessments or levy special assessments, or it may delay major repairs and replacements until funds are available. As of February 28, 2021, the Association transferred funds totaling \$482,811 from the special assessment fund to repay the replacement fund for the previous loan payable. The activity was as follows:

Under this section, the Association excludes from taxation exempt function income, which generally consists of revenue from assessments to owners. The Association's investment income and other nonexempt income are subject to tax at a rate of 30%, net of any applicable expenses.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Association and recognize a tax liability if the Association has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Management has analyzed the tax positions taken by the Association and has concluded that as of February 28, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Association is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Association's management believes it is no longer subject to income tax examinations for years prior to 2018.

NOTE N - COVID-19 PANDEMIC

The spread of a novel strain of Coronavirus (COVID-19) in the first months of 2020 has caused a substantial impact on the U.S. economy. There is significant uncertainty around the effects and duration of business interruption related to COVID-19. The extent of the impact on the Association's operations, management, employees, vendors, and owners, will depend on certain developments, which cannot be determined at this time.
