

Comments from teacher's grade book 1970-1971

Class play ticket sales, April 19, 1971 - \$532.00

FINEST METAL REFINES THROUGH FIRE - PUREST GEMS BY
ABRASION - BUT SLAG TO THE HEAP !

APPRAISAL OF 1970-71 YEAR -

Conditions somewhat improved by the removal of the jr hi - but, the trend toward weak emphasis on class work is getting more apparent. I feel the NOWHERE do they get the training for serious study and academic excellence - much of the class teaching is " busy work" and "baby sitting" - Until parents AND teachers stress serious study and formal education, they (the pupils) will continue to be robbed more and more by stress on parties, games, fund-raising, sports, dances, wild-goose chases and picture-taking. Regard for daily assignments is very weak.
BUT NO DISCIPLINE PROBLEMS IN 201 !

Fluorescent lighting added second semester in Room 201 and other second floor rooms.

Study hall conditions & cafe - pathetic !

Class play was very good - 2 speakers stolen from the speaker columns that were given by previous speech classes.

Gym conditions during play rehearsals through the years were "impossible" - noise, very little heat if any - games or "physical ed class" (whatever that is?) conflicted with rehearsals - balls coming through stage curtains - coaches belligerent toward play coach and cast - sports department taking good stage curtains from dressing rooms and using them for track practice in pole vaulting and high jump - pretty expensive "shock absorbers" costing \$600.00 ! Using stage dressing rooms to store athletic equipment - using stage for gymnastic equipment - had to practice in around and under before they "could be" removed. However, in it all the play coach received good cooperation from all class members.

Col. Sanders fried chicken for post-play party - \$52.50.
1971 speech class also paid \$200.00 on Post Prom party.

English 12 - May 1971 - Term papers missing - "These persons had more than usual encouragement and assistance in the work on a research paper due by April 15. They refused to work on it - knowing the consequences."

"No written copy final exam completed - even though he received much aid and encouragement - and he knew the consequences of delinquent papers. Grade should be 66 instead of 85 - but he has much ability in speech."

KEY CLUB - July 10 - 5:30 p.m. - at Dean Reed's - President, Dean Reed; Vice Pres. Maurey Sasher; Secretary, Charles Parkinson; Treasurer, Nathan Hale; Rep. Eric Sorrell.
