for PeopleSoft and Oracle Cloud

Spring 2021 Conference

Session Name: PeopleSoft Fluid Manager and Employee Self-Service

Presenter: Brian McIntyre, WorkStrategy

Time: May 19, 2:00pm

Register

Abstract:
WorkStrategy will review 9.2 HCM self service functionality including recent PUM enhancements and features. Presenters will discuss customer case studies, project planning, reporting and workflow tools, and configuration options for homepages, navigation collections, and tiles.

A partial list of topics covered will include Employee and Manager Self Service, eBenefits and Life Events, OnBoarding, Employee Snapshot, Compensation, Talent Management, WorkCenters and Activity Guides, Simplified Analytics, and Guided Self Service.

Objectives:
- Review new 9.2 Fluid PUM enhancements
- Review steps for implementing OnBoarding with Activity Guide Composer
- Get highlights of new Employee and Manager Self Service
- Review step by step instructions for creating Manager Analytics
- Hear about customer case studies and lessons learned
